11.5 political cartoon analysis

11.5 political cartoon analysis plays a crucial role in understanding the complex messages conveyed through visual satire, symbolism, and humor in political cartoons. This analytical process involves dissecting the imagery, text, and context of a cartoon to interpret the underlying commentary on political events, figures, or ideologies. The focus on "11.5" refers to a specific political cartoon or an illustrative example commonly used in educational or analytical settings. Through 11.5 political cartoon analysis, readers can gain deeper insight into the political climate, societal issues, and cultural attitudes at the time of the cartoon's creation. This article explores the essential elements of political cartoon analysis, including symbolism, caricature, historical context, and the impact of visual rhetoric. Additionally, it provides a step-by-step guide to dissecting political cartoons effectively, enhancing critical thinking skills and media literacy. The following sections will break down these aspects comprehensively for a thorough understanding of 11.5 political cartoon analysis.

- Understanding the Basics of 11.5 Political Cartoon Analysis

- Key Elements in Political Cartoon Interpretation

- Symbolism and Caricature in 11.5 Political Cartoons

- Historical and Political Context

- Techniques for Analyzing Political Cartoons

- Case Study: Applying 11.5 Political Cartoon Analysis

Understanding the Basics of 11.5 Political Cartoon Analysis

Political cartoons are visual commentaries that use satire and symbolism to critique political figures, policies, and societal issues. The term "11.5 political cartoon analysis" specifically refers to a detailed examination of a particular cartoon or a methodical approach to political cartoon critique often used in educational contexts. At its core, this analysis involves identifying the cartoon's message, the techniques used by the artist, and the intended audience reaction. By engaging with 11.5 political cartoon analysis, viewers can decode complex political messages that may not be explicit in written or spoken discourse.

This foundational understanding is essential for interpreting the nuances embedded in political cartoons, which often rely on exaggeration, irony, and metaphor to communicate effectively.

Key Elements in Political Cartoon Interpretation

Successful 11.5 political cartoon analysis requires familiarity with several key elements that contribute to the overall meaning and impact of the cartoon. These components include the use of caricature, symbolism, captions, and context. Each element plays a distinct role in shaping the cartoon's message and guiding the viewer's interpretation.

Caricature

Caricature involves exaggerating physical features or personality traits of political figures to highlight particular characteristics or flaws. This technique makes the subject instantly recognizable and often emphasizes criticism or ridicule.

Symbolism

Symbols are visual shorthand used to represent broader concepts or groups, such as a dove symbolizing peace or a snake representing danger. Understanding these symbols is vital to unlocking deeper meanings in political cartoons.

Captions and Labels

Text elements in cartoons, such as captions and labels, provide context, clarify the subject matter, or add a layer of irony or humor. They guide the viewer's understanding and often complement the visual imagery.

Context

The political, social, and historical context surrounding the cartoon's creation is crucial. It informs the cartoonist's perspective and helps the audience grasp the relevance and implications of the cartoon's message.

Symbolism and Caricature in 11.5 Political Cartoons

Symbolism and caricature are the backbone of 11.5 political cartoon analysis, enabling cartoonists to communicate complex political critiques succinctly. These artistic devices amplify the cartoon's message by using familiar visual cues and exaggerations.

Common Symbols in Political Cartoons

Political cartoons frequently utilize a range of symbols to convey ideas quickly and effectively. Recognizing these symbols is essential for accurate interpretation.

- **Animals:** Eagles often represent the United States, bears symbolize Russia, and lions can stand for the United Kingdom.

- **Objects:** Chains may symbolize oppression, scales represent justice, and bombs or weapons indicate conflict.

- **Colors:** Colors can carry specific connotations, such as red for danger or communism, and green for environmental issues.

Techniques of Caricature

Artists use caricature to exaggerate features such as large noses, big ears, or distinctive hairstyles to make political figures identifiable and to underscore their perceived traits, whether positive or negative. This approach often adds humor or criticism, making the cartoon more engaging and impactful.

Historical and Political Context

Understanding the historical and political context of the 11.5 political cartoon is essential for accurate analysis. Without this background knowledge, the cartoon's message may be misunderstood or its significance diminished.

Context includes the time period in which the cartoon was created, the political events underway, and the social attitudes prevalent at the time. For instance, cartoons created during wartime often use imagery related to conflict and patriotism, whereas those from election periods may focus on candidates and policy debates.

Analyzing the context also involves recognizing the cartoonist's potential biases and the intended audience, which influence how the message is framed and received.

Techniques for Analyzing Political Cartoons

Effective 11.5 political cartoon analysis follows a structured approach to ensure all critical aspects are considered. This methodical process improves comprehension and enhances the ability to critique political messages conveyed visually.

1. **Identify the Subject:** Determine who or what the cartoon is addressing, including political figures, policies, or social issues.

2. **Examine Visual Elements:** Analyze the imagery, including caricatures, symbols, colors, and composition.

3. **Interpret Textual Components:** Read and assess captions, labels, and any written commentary within the cartoon.

4. **Consider the Context:** Research the historical, social, and political background relevant to the cartoon's creation.

5. **Determine the Message:** Synthesize visual and textual cues to understand the cartoonist's intended commentary or critique.

6. **Evaluate the Effectiveness:** Reflect on how successfully the cartoon communicates its message and its potential impact on the audience.

Case Study: Applying 11.5 Political Cartoon Analysis

To illustrate the practical application of 11.5 political cartoon analysis, consider a hypothetical cartoon depicting a political leader balancing on a tightrope labeled "Economy" while juggling icons representing healthcare, education, and defense. The leader's exaggerated facial expression suggests anxiety or determination.

Applying the analytical techniques:

- **Subject Identification:** The political leader symbolizes government responsibility over various sectors.

- **Visual Elements:** The tightrope implies instability or risk, while juggling suggests managing multiple priorities simultaneously.

- **Textual Components:** Labels on the rope and objects clarify the economic theme and policy areas.

- **Context:** This cartoon likely relates to a period of economic uncertainty or political debate over budget allocation.

- **Message:** The cartoon critiques the leader's precarious handling of economic and social issues.

- **Effectiveness:** Through humor and symbolism, the cartoon effectively conveys the challenges faced

by political leaders in balancing competing demands.

Frequently Asked Questions

What is the primary theme of the '11.5 political cartoon' analysis?

The primary theme of the '11.5 political cartoon' analysis is the critique of political decisions and their social impact, highlighting issues such as governance, policy effectiveness, and public reaction.

How does the '11.5 political cartoon' use symbolism to convey its message?

The cartoon employs symbolism through characters, objects, and settings that represent political figures, ideologies, or societal elements, allowing the audience to interpret deeper meanings behind the visual elements.

What historical or current events are referenced in the '11.5 political cartoon' analysis?

The analysis references recent political events or debates relevant to the time of publication, such as legislative actions, election outcomes, or public protests, which provide context for understanding the cartoon's commentary.

How does the artist use satire in the '11.5 political cartoon' to influence public opinion?

The artist uses satire by exaggerating certain traits, situations, or outcomes to criticize political figures or policies humorously and provocatively, aiming to engage viewers and provoke critical thinking about political issues.

What are common techniques identified in the '11.5 political cartoon' analysis that enhance its effectiveness?

Common techniques include exaggeration, irony, caricature, visual metaphors, and juxtaposition, all of which help emphasize the cartoon's message and make complex political topics more accessible and impactful.

Additional Resources

1. *Reading Between the Lines: The Art and Influence of Political Cartoons*
This book explores the history and significance of political cartoons as a form of visual rhetoric. It offers readers tools to analyze symbolism, satire, and the social commentary embedded in political cartoons. Through detailed examples, the author reveals how these illustrations shape public opinion and political discourse.

2. *Visual Satire: Understanding Political Cartoons in Contemporary Media*
Focusing on modern political cartoons, this volume examines how artists use humor and exaggeration to critique current events and political figures. It provides a framework for interpreting visual metaphors and irony, helping readers decode complex messages. The book also discusses the role of political cartoons in digital media and their impact on democracy.

3. *The Power of the Pen: Political Cartoons as Agents of Change*
This title delves into the historical power of political cartoons to influence social movements and political reforms. It highlights key moments where cartoons swayed public opinion or challenged authority. Readers will gain insight into the strategic use of imagery and caricature in political advocacy.

4. *Decoding Political Cartoons: A Guide to Visual Literacy*
A practical guide designed to improve visual literacy skills through the analysis of political cartoons. The book breaks down common techniques such as symbolism, labeling, and exaggeration, providing exercises for readers to practice interpretation. It is an essential resource for students and educators in political science and media studies.

5. *Satire and Society: Political Cartoons in Cultural Context*
This book situates political cartoons within their broader cultural and historical contexts, examining how societal values and tensions shape the content and reception of cartoons. It discusses cross-cultural differences in cartoon styles and themes, offering a comprehensive understanding of satire's role in politics.

6. *From Caricature to Commentary: The Language of Political Cartoons*
Exploring the unique language of political cartoons, this book analyzes how artists combine visual and textual elements to convey complex ideas succinctly. It covers techniques such as caricature, allegory, and symbolism, and explains how these elements function together to create persuasive messages.

7. *Political Cartoons and Public Opinion: A Symbiotic Relationship*
This volume investigates the dynamic relationship between political cartoons and public opinion formation. It presents case studies illustrating how cartoons reflect and influence societal attitudes toward political events and figures. The book also considers the ethical responsibilities of cartoonists in shaping public discourse.

8. *The History and Evolution of Political Cartooning*
Tracing the development of political cartoons from early satirical prints to modern digital illustrations, this

book provides a thorough historical overview. It highlights influential cartoonists and landmark cartoons that have left a lasting impact on politics and culture. Readers will appreciate the evolution of styles and techniques over time.

9. *Analyzing Political Cartoons: Techniques and Case Studies*
This comprehensive text offers detailed methodologies for analyzing political cartoons, including visual analysis and contextual interpretation. It includes a variety of case studies from different political eras and regions, enabling readers to apply analytical frameworks to real-world examples. The book is ideal for scholars and students interested in political communication and media analysis.

11 5 political cartoon analysis: The Trump Presidency in Editorial Cartoons Natalia Mielczarek, 2023-09-18 The Trump Presidency in Editorial Cartoons engages with close to one thousand editorial cartoons to analyze the visual representations of President Donald Trump and his responses to six news events during his term in office. Natalia Mielczarek traces the mechanisms through which the drawings construct the president's image and their potential rhetorical consequences for interpretation. Through this analysis, Mielczarek argues that the right-leaning cartoons largely erase the president's likeness from their plotlines, acting as a shield against accountability for Trump. Left-leaning cartoons, on the other hand, tend to clone the president and exaggerate his image in most of their stories, often functioning as tools of symbolic censure and punishment. Through these de- and re-contextualization tactics that make President Trump either largely absent or hyper-present in the narrative, the cartoons construct inadvertent rhetorical paradoxes and coalesce around ideological heroes and villains. This result, Mielczarek posits, more closely resembles partisan propaganda, rather than political commentary and social critique. Scholars of communication, political science, and media studies will find this book of particular interest.

11 5 political cartoon analysis: 2nd International Conference on Creative Multimedia 2022 (ICCM 2022) Fauzan Mustaffa, Roopesh Sitharan, Junita Shariza Mohd Nasir, 2023-02-10 This is an open access book.The Faculty of Creative Multimedia (FCM), Multimedia University will hold the 2nd International Conference on Creative Multimedia 2022 (ICCM2022) on 25-27 July 2022 (Virtual Conference). ICCM2022 invites prospective authors to take part by submitting research papers in pursuing the vibrant discourse of creative multimedia. ICCM2022 aims to bring together related research scholars, educators, practitioners, policymakers, enthusiasts, fellow students, and design entrepreneurs from various perspectives, disciplines, and fields to share and exchange their research experiences and results on all aspects of arts, design, and creative media technologies. ICCM2022 embraces possibilities, provides an interdisciplinary forum for all stakeholders to present and discuss current trends, innovations, and concerns, as well as practical issues and solutions in the field of creative multimedia. We welcome high-quality research contributions dealing with original and unpublished results on fundamental, conceptual, empirical and experimental work in all

areas of arts, design and creative media technologies.

11 5 political cartoon analysis: *The 2024 Presidential Campaign* Robert E. Denton, Jr., 2025-05-13 A comprehensive communication analysis of the 2024 presidential campaign Presidential campaigns are more than elections, they are cultural touchstones that shape national identity and political discourse. The 2024 presidential campaign was a defining moment in American history, marked by political polarization and cultural turns. In The 2024 Presidential Campaign: A Communication Perspective Robert E. Denton, Jr. and a team of esteemed scholars offer an incisive look at the strategies, narratives, and media that influenced this landmark election. Examining all key areas of the 2024 election through the lens of communication, this timely volume delves into critical facets of campaign messaging, including political advertising and established news media. Discussions of recent developments such as AI-generated content and the expansion of alternative media provide a deeper understanding of how rapid technological advancement impacts both presidential campaigns and American democracy. Each chapter provides unique insights, connecting communication theory to real-world electoral phenomena. Presents in-depth analyses of televised debates, social media strategies, and advertising Explores the use of humor in computer-generated images and political cartoons Includes chapters on candidate branding and political party conventions Addresses the impact of campaign finance on electoral outcomes Offers the latest insights into digital and mediated campaign practices Provides a unique perspective on cultural and generational shifts in U.S. politics The 2024 Presidential Campaign: A Communication Perspective is essential reading for scholars and students in Political Science, Journalism, and Communication, particularly those studying presidential campaigns, media and politics, and the presidency. Ideal for upper-level undergraduate and graduate courses, it is also a valuable resource for professionals in political campaign management.

11 5 political cartoon analysis: Interpretation and Method Dvora Yanow, Peregrine Schwartz-Shea, 2015-03-04 Exceptionally clear and well-written chapters provide engaging discussions of the methods of accessing, generating, and analyzing social science data, using methods ranging from reflexive historical analysis to critical ethnography. Reflecting on their own research experiences, the contributors offer an inside, applied perspective on how research topics, evidence, and methods intertwine to produce knowledge in the social sciences.

11 5 political cartoon analysis: <u>Cartoon Conflicts</u> Richard Scully, Paulo Jorge Fernandes, Ritu Gairola Khanduri, 2025-07-28 This edited collection of new research highlights the way in which the cartoon - long regarded as a staple of journalism and freedom of expression - faces new challenges in the twenty-first century that can be far better understood and appreciated if one takes an historical perspective. Current debates over the limits of freedom of expression, 'political correctness', and 'cancel culture' all have their precedents in past controversies over cartoons and caricature; indeed there is a definite continuum between these past instances of debate and their present manifestations. Chapters 2 and 10 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

11 5 political cartoon analysis: Handbook of Research on Historical Pandemic Analysis and the Social Implications of COVID-19 Cortijo Ocaña, Antonio, Martines, Vicent, 2021-09-18 The current health situation has been described as chaotic and devastating. Humanity's trust in the future and in its human capacity to overcome a disaster of such magnitude is even starting to wither away. If science still lacks a response to the pandemic, can the humanities offer something to cope with this situation? The world can adopt a historical perspective and realize that this is not the first time a global pandemic has struck. Issues including illness, suffering, endurance, resilience, human survival, etc. have been dealt with by literature, philosophy, psychology, and sociology throughout the ages and should be explored once again in response to the COVID-19 pandemic. The Handbook of Research on Historical Pandemic Analysis and the Social Implications of COVID-19 explores the issue of disease from a variety of philosophical, legal, historical, and social perspectives to offer both comprehension and consolation to the human psyche. This group of scholars within the fields of education, psychology, linguistics, history, and philosophy provides a comprehensive view of the

humanities as it relates to the pandemic within the frame of human reaction to pain and calamity. This book also looks at the impact the COVID-19 pandemic has had on society in a multidisciplinary capacity that examines its effects in education, government, business, and more. Covering topics such as public health legislation, sociology, impacts on women, and population genetics, this book is essential for sociologists, psychologists, communications experts, historians, researchers, students, and academicians.

11 5 political cartoon analysis: Healthy Conflict in Contemporary American Society Jason A. Springs, 2018-04-12 US citizens perceive their society to be one of the most diverse and religiously tolerant in the world today. Yet seemingly intractable religious intolerance and moral conflict abound throughout contemporary US public life - from abortion law battles, same-sex marriage, post-9/11 Islamophobia, public school curriculum controversies, to moral and religious dimensions of the Black Lives Matter and Occupy Wall Street movements, and Tea Party populism. Healthy Conflict in Contemporary American Society develops an approach to democratic discourse and coalition-building across deep moral and religious divisions. Drawing on conflict transformation in peace studies, recent American pragmatist thought, and models of agonistic democracy, Jason Springs argues that, in circumstances riven with conflict between strong religious identities and deep moral and political commitments, productive engagement may depend on thinking creatively about how to constructively utilize conflict and intolerance. The result is an approach oriented by the recognition of conflict as a constituent and life-giving feature of social and political relationships.

11 5 political cartoon analysis: Bell & Howell Newspaper Index to the Los Angeles Times , 1985

11 5 political cartoon analysis: Satire and Politics Jessica Milner Davis, 2017-11-17 This book examines the multi-media explosion of contemporary political satire. Rooted in 18th century Augustan practice, satire's indelible link with politics underlies today's universal disgust with the ways of elected politicians. This study interrogates the impact of British and American satirical media on political life, with a special focus on political cartoons and the levelling humour of Australasian satirists.

11 5 political cartoon analysis: Fourth Estate , 1926

11 5 political cartoon analysis: *University of Michigan Index to Labor Union Periodicals* , 1964

11 5 political cartoon analysis: *The Harp and the Eagle* Susannah J. Ural, 2006-11 On the eve of the Civil War, the Irish were one of America's largest ethnic groups, and approximately 150,000 fought for the Union. Analyzing letters and diaries written by soldiers and civilians; military, church, and diplomatic records; and community newspapers, Susannah Ural Bruce significantly expands the story of Irish-American Catholics in the Civil War, and reveals a complex picture of those who fought for the Union. While the population was diverse, many Irish Americans had dual loyalties to the U.S. and Ireland, which influenced their decisions to volunteer, fight, or end their military service. When the Union cause supported their interests in Ireland and America, large numbers of Irish Americans enlisted. However, as the war progressed, the Emancipation Proclamation, federal draft, and sharp rise in casualties caused Irish Americans to question—and sometimes abandon—the war effort because they viewed such changes as detrimental to their families and futures in America and Ireland. By recognizing these competing and often fluid loyalties, The Harp and the Eagle sheds new light on the relationship between Irish-American volunteers and the Union Army, and how the Irish made sense of both the Civil War and their loyalty to the United States.

11 5 political cartoon analysis: *The Canadian Liberal Monthly* , 1916

11 5 political cartoon analysis: Romances of the Republic Shirley Samuels, 1996 The politics of identity in the period of the early American republic involved the cultural production of a national self. In Romances of the Republic, Shirley Samuels examines revolutionary rhetoric from the 1790s through the 1850s primarily in novels, but also in poems, pamphlets, political cartoons, and sermons.

11 5 political cartoon analysis: Sex Scandals, Gender, and Power in Contemporary

American Politics Hinda Mandell, 2017-04-17 Examining how gender impacts political sex scandals in the United States, this book explains how political sex scandals contribute to the mistrust of government and identifies why these events have serious consequences for our political system. The increasing tabloidization of politics and focus on politicians involved in sex scandals is both problematic and important. When a major political sex scandal occurs, it occupies as much as 25 percent of all news coverage in the United States. Even if people may deny it, they enjoy consuming and talking about political sex scandals. Written by a former journalist who has frequently explored the intersections of politics, sex, and gender in the United States, Sex Scandals, Gender, and Power in Contemporary American Politics investigates how political sex scandals contribute to the mistrust of government and why these events have great significance in our frenzied media environment. The book makes use of comprehensive descriptive data (including statistics) to explain how political sex scandals are a representation of society's broader gender dynamics, conveying subtle messages about power and morality. It addresses the roles of men and women in political sex scandals over time, the increasing tabloidization of politics, and the often-overlooked consequences of sex scandals for the political system. Author Hinda Mandell also documents how scandals' multiple negative effects for the politicians themselves and for society include turning politics into a spectator sport, contributing to the mistrust of government, the questioning of politicians' competence and judgment as a group, and politicians' diminishing effectiveness in office.

11 5 political cartoon analysis: *Political cartoons and the Israeli-Palestinian conflict* Ilan Danjoux, 2018-07-30 Do political cartoon predict violence? To answer this question Ilan Danjoux examined over 1200 Israeli and Palestinian editorial cartoons to explore whether changes in their content anticipated the outbreak of the Al-Aqsa Intifada in October of 2000. Despite stark differences in political, economic and social pressures, a notable shift in focus, style and tone accompanied the violence. With numerous illustrations and detailed methodology, Political Cartoons and the Israeli Palestinian Conflict provides readers an engaging introduction to cartoon analysis and a novel insight into the Israeli-Palestinian conflict. In a region fraught with contested realities, the cartoon's ability to capture the latent fears and unspoken beliefs of these antagonists offers a refreshing perspective on how both Israelis and Palestinians perceived each other and their chances for peace on the eve of the Second Intifada.

11 5 political cartoon analysis: Asian Political Cartoons John A. Lent, 2023-01-27 2023 CHOICE Outstanding Academic Title 2024 Eisner Award Nominee for Best Academic/Scholarly Work In Asian Political Cartoons, scholar John A. Lent explores the history and contemporary status of political cartooning in Asia, including East Asia (China, Hong Kong, Japan, North and South Korea, Mongolia, and Taiwan), Southeast Asia (Brunei, Cambodia, Indonesia, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam), and South Asia (Bangladesh, India, Iran, Nepal, Pakistan, and Sri Lanka). Incorporating hundreds of interviews, as well as textual analysis of cartoons; observation of workplaces, companies, and cartoonists at work; and historical research, Lent offers not only the first such survey in English, but the most complete and detailed in any language. Richly illustrated, this volume brings much-needed attention to the political cartoons of a region that has accelerated faster and more expansively economically, culturally, and in other ways than perhaps any other part of the world. Emphasizing the "freedom to cartoon, the author examines political cartoons that attempt to expose, bring attention to, blame or condemn, satirically mock, and caricaturize problems and their perpetrators. Lent presents readers a pioneering survey of such political cartooning in twenty-two countries and territories, studying aspects of professionalism, cartoonists' work environments, philosophies and influences, the state of newspaper and magazine industries, the state's roles in political cartooning, modern technology, and other issues facing political cartoonists. Asian Political Cartoons encompasses topics such as political and social satire in Asia during ancient times, humor/cartoon magazines established by Western colonists, and propaganda cartoons employed in independence campaigns. The volume also explores stumbling blocks contemporary cartoonists must hurdle, including new or beefed-up restrictions and

regulations, a dwindling number of publishing venues, protected vested interests of conglomerate-owned media, and political correctness gone awry. In these pages, cartoonists recount intriguing ways they cope with restrictions—through layered hidden messages, by using other platforms, and finding unique means to use cartooning to make a living.

11 5 political cartoon analysis: *Multimodal Argumentation and Rhetoric in Media Genres* Assimakis Tseronis, Charles Forceville, 2017-12-15 This collection advances the study of context-dependent characteristics of argumentative discourse by examining a variety of media genres in which text and image (and other semiotic modes) combine to create meaning. The chapters have been written by an international group of senior and junior scholars researching multimodal argumentation in the last two decades. In each chapter, a specific approach to argumentation and rhetoric is combined with insights from visual studies, metaphor theory, scientific visualization, cognitive science, semiotics, conversation analysis, or (documentary) film theory in order to explain how multimodal genres function argumentatively and rhetorically. Together the chapters present a state-of-the-art in the analysis of multimodal argumentation in such diverse genres as print advertisements, news photographs, scientific illustrations, political cartoons, documentaries, film trailers, political TV advertisements, public debates, and political speeches. The volume will be of interest to advanced students and scholars in argumentation studies, rhetoric, and multimodal communication.

11 5 political cartoon analysis: Newspaper Index: Los Angeles Times , 1975

11 5 political cartoon analysis: *EFL Learners' Task Perceptions and Agency in Blended Learning* Joannis Kaliampos, 2022-09-05 How does foreign language learners' agency emerge at the micro-level of classroom activity during the enactment of digitally-enhanced tasks, and how do these learners exercise their agency digitally within and beyond the classroom? Drawing on research in task-based and computer-assisted language learning, this mixed-methods study uncovers key dimensions of learner agency - a newcomer to the field of language teaching methodology and applied linguistics. The analysis centers on three case studies of teenage students' perceptions and handling of digitally-enhanced language learning tasks. These are complemented with a Germany-wide questionnaire survey among participants in the U.S. Embassy School Election Project - an intercultural, blended language learning project that has drawn over 15,000 participants since 2012.
