Understanding the 11th Step in Recovery

The 11th step is a fundamental component of many 12-step recovery programs such as Alcoholics Anonymous (AA) and Narcotics Anonymous (NA). It states: "Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out." This step highlights the importance of spiritual growth as a means of maintaining sobriety and personal well-being. The focus is on developing a deeper connection to a higher power through regular prayer and meditation.

The Role of Spirituality in Recovery

Spirituality in recovery offers individuals a framework to understand themselves and their challenges beyond physical and psychological aspects. The 11th step encourages seeking guidance, strength, and clarity through spiritual practices, which can complement other recovery efforts. This spiritual component helps foster humility, acceptance, and a sense of purpose.

Conscious Contact Defined

Conscious contact refers to the mindful and intentional connection with a higher power or spiritual source. It involves being present and aware during prayer and meditation rather than engaging in routine or mechanical repetition. The 11th step meditation meeting facilitates this process by providing a supportive setting for deepening conscious contact.

11th step meditation meeting: Why Can't Church Be More Like an AA Meeting? Stephen R. Haynes, 2021-10-26 Do Christians need recovery? Or is recovery something needed by the church itself? Addiction—whether to a substance or to a behavior—is a problem within faith communities, just like it is everywhere else. But because churches are rarely experienced as safe places for dealing with addiction, co-addiction, or the legacy of family dysfunction, Christians tend to seek recovery from these conditions in Twelve-Step fellowships. Once they become accustomed to the ethos of vulnerability, acceptance, and healing that these fellowships provide, however, they are often left feeling that the church has failed them, with many asking: why can't church be more like

an AA meeting? Inspired by his own quest to find in church the sort of mutual support and healing he discovered in Twelve-Step fellowships, Stephen Haynes explores the history of Alcoholics Anonymous and its relationship to American Christianity. He shows that, while AA eventually separated from the Christian parachurch movement out of which it emerged, it retained aspects of Christian experience that the church itself has largely lost: comfort with brokenness and vulnerability, an emphasis on honesty and transparency, and suspicion toward claims to piety and respectability. Haynes encourages Christians to reclaim these distinctive elements of the Twelve-Step movement in the process of "recovering church." He argues that this process must begin with he calls "Step 0," which, as he knows from personal experience, can be the hardest step: the admission that, despite appearances, we are not fine.

11th step meditation meeting: Narrative Means to Sober Ends Jonathan Diamond, 2012-01-27 Working with clients who abuse drugs or alcohol poses formidable challenges to the clinician. Addicted persons are often confronting multiple, complex problems, from the denial of the addiction itself, to legacies of early trauma or abuse, to histories of broken relationships with parents, spouses, and children. Making matters more confusing, the treatment field is too often splintered into different approaches, each with its own competing claims. This eloquently written book proposes a narrative approach that builds a much-needed bridge between family therapy, psychodynamic therapy, and addictions counseling. Demonstrated are innovative, flexible ways to help clients form new understandings of what has happened in their lives, explore their relationships to drugs and alcohol, and develop new stories to guide and nourish their recovery.

11th step meditation meeting: The Meeting Lois Barleycorn Dickens, 2012-03-29 When

dealing with the problem of alcohol dependence in a loved one, we all need knowledgeable friends to guide us through the stormy seas of coping with the life events that we will experience - people who have walked before us. Although there is no magic pill that we can give to the drinker to make them stop drinking that does not mean we are helpless in the situation. We can change our approach and very often because of the changes we make in ourselves the drinker chooses to change too. The Meeting is a support group for the families and friends of alcoholics. By reading these experiences you are being given the opportunity and privilege of sharing the wealth of wisdom these members have gained. Explanations of what makes an addict remain elusive but this is our experience of living with alcohol dependent problems in others. Many who stay the distance experience an emotional (or spiritual) awakening. It is often when we feel at the end of our world that we find surprisingly that that is where our real journey begins. There are real pearls of wisdom contained in these experiences that you can benefit from if you are ready and willing to read with an open-mind, but the suggestion is always, to take what you like and leave the rest.

11th step meditation meeting: I'll Go No More A-Roving Robert Ayres Carter, 2011-09-28
Praise for Somewhere I Have Never Traveled This is fourth volume of Robert Ayres Carters autobiography takes the reader back to the 1970s. From the outside, Carters life seems conventional: he was an executive in the world of publishing and advertising, commuting between Long Island and Manhattan. Setting this work apart from the ordinariness of that sort of life is the clarity of his unflinching revelation of his private affairs, emotions, and thoughts. His struggles to become a writer of novels, his self-doubts, and his emotional and physical involvement with many women, and the collapse of two marriages are all described vividly with the skill of the accomplished novelist. Perhaps most poignant of all are his descriptions of his sense of loss from his separation from his two sons. -James Scanlon, Professor Emeritus of History, Randolph-Macon College

11th step meditation meeting: Hijacking the Brain Louis Teresi, 2011-10-20 Hijacking the Brain provides the first-ever scientific explanation for the success of Twelve-Step programs. Hijacking the Brain examines data provided by recent rapid growth in the fields of neuroscience, neuroimaging, psychology, sociobiology and interpersonal neurobiology that have given us new, dramatic insights into the neural and hormonal correlates of stress and addiction, cognitive decline with addiction, as well as for the relative success of Twelve-Step Programs of recovery. Addiction is recognized by experts as an organic brain disease, and most experts promote Twelve-Step programs (AA, NA, CA, etc.) which invoke a 'spiritual solution' for recovery. To date, no one has described why these programs work. 'Hijack' tells us why. In 'Hijack,' the role of 'working The Steps' for reducing stress and becoming emotionally centered is discussed in depth. A full chapter is devoted to the rewarding and comforting physiology of meditation and the spiritual experience. The author uses examples from animal sociobiology, as well as sophisticated human brain-imaging studies, to demonstrate that empathic socialization and altruism are instinctive and 'naturally rewarding' and, along with Step Work, act as a substitute for the 'synthetic rewards' of drugs of abuse. 'Hijack' does not challenge the Steps or the Traditions of Twelve-Step programs. The sole intention of Hijacking the Brain is to 'connect the dots' between an 'organic brain disease' and a 'spiritual solution' with sound physical, scientific evidence. Avoiding strict scientific language as much as possible, 'Hijack' is written for the layperson and abundantly illustrated.

11th step meditation meeting: The Little House on Genessee John S. Fort Wayne Indiana, 2012-10 John S. turned his little house on Genessee Avenue in Fort Wayne, Indiana, into a place where he sponsored, over the years, a long series of alcoholics and addicts, and led them to sobriety through Alcoholics Anonymous and the twelve steps. Many of these people came from very rough backgrounds, including hardened ex-cons and people who rode in motorcycle gangs, but what you see in them now is a combination of strength and gentleness, of fearlessness and kindness, and of what is still the old toughness, but mixed now with a marvelous depth of love and spiritual presence. In this book he and seven of the people he sponsored tell the story of how their alcoholism and addiction led them into lives of desperation and despair, but how practicing a set of simple daily actions enabled them to recover from their seemingly hopeless affliction. In John's early life he was a great sailor, using St. John in the Virgin Islands as his base and taking fast sailboats for adventure and commerce through the waters of the Southern Atlantic and Caribbean Sea. He worked for many years at a special martial arts dojo, and rode motorcycles which could outrun anything else on the road. But in 1985, he put aside alcohol and drugs, and by 1994 he was devising the method which he lays out in this book. Eleven of the first twelve people he tried it on got sober and stayed sober. It is built on the Big Book of Alcoholics Anonymous, the Joe and Charlie tapes, and the teachings of the good Fort Wayne physician Dr. Zweig. John boils it down into something so simple that anyone can understand how to do it. And it works! People all over John's part of the country have seen it work for the past 18 years, again and again, for the toughest, the angriest, the most rebellious, and the

most self-destructive alcoholics and addicts in the world.

11th step meditation meeting: His Image Tina Ganton, 2008 The Flo-Way conveyer company, office on LaSalle Street, Minneapolis, Minnesota, factory in Edina, is growing. They started out in Saint Paul with ten employees and four orders. Now, after being bought up by Aleda Steel, they're on the verge of becoming a leader in the conveyer world. With that brings on new ventures, one of which is an installation at Zins bakery in China and for that they need a special person, one who can overlook the job and see it through to completion, in other words, a field representative. The choices were many, but after hours of meetings, they decided on Gary. Is he fortunate or a corporate victim? I guess he has to decide that.
