

craze of late 2000s politics nyt

craze of late 2000s politics nyt marked a significant period in American political history characterized by heightened public interest, rapid media coverage, and evolving political narratives. During this era, the New York Times played a pivotal role in shaping political discourse, capturing the nuances of campaigns, policy debates, and socio-political movements. The late 2000s witnessed critical events such as the 2008 presidential election, the financial crisis, and increasing polarization, all of which contributed to the intense public engagement with politics. This article explores the craze of late 2000s politics as reflected in New York Times coverage, analyzing its impact on public perception and political culture. Additionally, it delves into the evolving media landscape and the role of digital platforms that complemented traditional news outlets like the NYT. The following sections provide an in-depth examination of key political themes and media trends during this transformative period.

- The 2008 Presidential Election and Media Influence
- Economic Turmoil and Political Responses
- Media Evolution and the New York Times' Role
- Political Polarization and Public Engagement
- Legacy of the Late 2000s Political Craze

The 2008 Presidential Election and Media Influence

The 2008 presidential election was a defining moment in the craze of late 2000s politics nyt coverage. This election featured historic candidacies, including Barack Obama's campaign, which energized a diverse and youthful electorate. The New York Times extensively covered the primaries, national conventions, and general election, offering detailed analysis and real-time updates that contributed to widespread voter engagement.

Obama's Campaign and Media Strategy

Barack Obama's campaign harnessed the power of new media alongside traditional outlets such as the New York Times. The synergy between online platforms and print journalism created a comprehensive narrative that captivated readers and voters alike. The NYT's balanced reporting and investigative pieces provided depth to the campaign's promises and challenges.

Impact on Voter Turnout and Public Interest

The media frenzy surrounding the 2008 election significantly impacted voter turnout, particularly

among young and first-time voters. The New York Times played a crucial role in informing the electorate about candidates' platforms, debates, and key issues, fueling the craze of late 2000s politics nyt readers experienced.

Economic Turmoil and Political Responses

The late 2000s were dominated by the global financial crisis, which shifted political conversations and media coverage dramatically. The New York Times chronicled the economic downturn's effects on American society and the government's policy responses, including stimulus packages and financial reforms.

Coverage of the Financial Crisis

The NYT's in-depth reporting on bank failures, stock market volatility, and unemployment rates provided readers with critical insights into the crisis. This comprehensive coverage heightened public awareness and concern, contributing to the craze of late 2000s politics nyt readers encountered during this turbulent time.

Political Debates on Economic Policy

Political leaders faced intense scrutiny as they proposed solutions to stabilize the economy. The New York Times highlighted these debates, presenting diverse viewpoints on bailouts, regulatory changes, and fiscal stimulus. This coverage influenced public opinion and political alignments.

Media Evolution and the New York Times' Role

The late 2000s saw significant transformations in the media landscape, with the rise of digital journalism altering how political news was consumed. The New York Times adapted by expanding its online presence and integrating multimedia content, maintaining its authoritative voice amid changing reader habits.

Digital Expansion and Interactive Content

The NYT embraced digital platforms by launching interactive features, blogs, and real-time election trackers. These innovations enhanced user engagement and allowed the paper to remain a central source for political news during the craze of late 2000s politics nyt coverage.

Challenges of Maintaining Credibility

As competition from online-only news sites increased, the New York Times focused on investigative journalism and fact-checking to preserve its reputation. This approach was essential in a time of heightened political scrutiny and misinformation concerns.

Political Polarization and Public Engagement

The craze of late 2000s politics nyt coverage also reflected growing political polarization within the United States. The New York Times documented the widening ideological divides and their implications for governance and social cohesion.

Media's Role in Shaping Polarization

The NYT's coverage balanced comprehensive reporting with analysis of partisan dynamics, helping readers understand the roots and consequences of political divisions. This coverage contributed to an informed electorate, even as polarization deepened.

Civic Participation and Grassroots Movements

The late 2000s saw a surge in grassroots activism and public demonstrations on various issues. The New York Times highlighted these movements, illustrating how political engagement extended beyond traditional electoral politics during this period.

Legacy of the Late 2000s Political Craze

The craze of late 2000s politics nyt coverage left a lasting impact on American political culture and journalism. The New York Times' approach to political reporting during this era set standards for thoroughness, immediacy, and digital integration that continue to influence media today.

Influence on Future Political Coverage

The methods and practices developed in the late 2000s by the New York Times helped shape the coverage of subsequent elections and political events. The emphasis on data-driven journalism and multimedia storytelling became integral to political reporting.

Enduring Public Interest in Politics

The heightened public engagement during the late 2000s established a foundation for sustained interest in politics, amplified by the NYT's coverage. This period demonstrated how media can foster an informed and active citizenry.

- Historic 2008 election coverage
- Comprehensive economic crisis reporting
- Adaptation to digital journalism trends
- Documentation of political polarization

- Legacy in modern political media

Frequently Asked Questions

What was the political atmosphere described by the New York Times during the late 2000s?

The New York Times described the late 2000s political atmosphere as highly charged and polarized, marked by intense debates over the financial crisis, healthcare reform, and the wars in Iraq and Afghanistan.

How did the late 2000s political craze influence media coverage, according to the New York Times?

The New York Times noted that the political craze of the late 2000s led to increased media scrutiny and 24/7 news cycles, with a focus on political strategy, scandals, and the personalities of key political figures.

Which political events from the late 2000s were most covered by the New York Times?

Key political events covered extensively by the New York Times in the late 2000s included the 2008 presidential election, the passage of the Affordable Care Act, the financial crisis bailout, and debates over troop surges in Iraq.

What role did social media play in the political craze of the late 2000s as reported by the New York Times?

The New York Times highlighted that social media began to play a significant role in shaping political discourse and mobilizing voters during the late 2000s, especially in the 2008 election cycle.

How did the New York Times characterize public engagement with politics in the late 2000s?

The New York Times characterized public engagement as increasingly passionate and divided, with heightened activism and voter turnout driven by economic uncertainty and significant policy debates.

Additional Resources

1. *The Audacity of Hope: Thoughts on Reclaiming the American Dream*

Written by Barack Obama, this 2006 book captures the political atmosphere leading into the late

2000s. It offers insights into the author's vision for America's future, touching on themes of unity, hope, and change. The book became influential during Obama's rise and reflected the growing desire for a new political direction.

2. *The Rise of the Tea Party: Inside America's Conservative Revolution*

This book examines the emergence of the Tea Party movement, which gained significant momentum in the late 2000s. It explores the factors behind the grassroots conservative uprising and its impact on American politics. The narrative delves into the movement's influence on elections and policy debates.

3. *What's the Matter with Kansas? How Conservatives Won the Heart of America*

By Thomas Frank, this 2004 book gained renewed attention during the late 2000s political craze. It investigates why working-class Americans increasingly supported conservative candidates despite economic interests. The book offers a critical analysis of political messaging and cultural identity.

4. *The Political Brain: The Role of Emotion in Deciding the Fate of the Nation*

Written by Drew Westen, this 2007 book analyzes the psychological underpinnings of political decision-making. It argues that emotional appeal often outweighs rational arguments in shaping voter behavior. The work sheds light on campaign strategies prevalent in the late 2000s.

5. *The Long Game: How Obama Defied Washington and Redefined America*

This biography details Barack Obama's political strategy from his Senate days through his presidency. It focuses on his ability to navigate the complex political landscape of the late 2000s. The book highlights key moments that defined his leadership style and policy achievements.

6. *Right Turn: The Decline of the Democrats and the Future of American Politics*

This book explores the shifting political landscape during the late 2000s, focusing on the Democratic Party's challenges. It discusses policy debates, electoral strategies, and the party's struggle to maintain a progressive agenda. The analysis offers insight into the broader political realignment of the era.

7. *The Audacity to Win: The Inside Story and Lessons of Barack Obama's Historic Victory*

Written by David Plouffe, Obama's campaign manager, this 2009 book provides an insider's view of the 2008 presidential campaign. It details the innovative strategies used to galvanize voters and overcome political obstacles. The book captures the excitement and intensity of one of the most closely watched elections in recent history.

8. *Fear and Loathing on the Campaign Trail '08*

This journalistic account chronicles the intense and often chaotic 2008 presidential campaign. It highlights the media frenzy, candidate rivalries, and public sentiment that defined the race. The book offers a candid look at the political spectacle that captured the nation's attention.

9. *The Shock Doctrine: The Rise of Disaster Capitalism*

By Naomi Klein, this 2007 book critiques the political and economic policies that surged during the late 2000s. It argues that crises were exploited to push through controversial reforms and reshape governance. The work connects political trends to broader global economic shifts during the period.

craze of late 2000s politics nyt: Popular Fads and Crazes through American History

Nancy Hendricks, 2018-08-17 This informative two-volume set provides readers with an understanding of the fads and crazes that have taken America by storm from colonial times to the present. Entries cover a range of topics, including food, entertainment, fashion, music, and language. Why could hula hoops and TV westerns only have been found in every household in the 1950s? What murdered Russian princess can be seen in one of the first documented selfies, taken in 1914? This book answers those questions and more in its documentation of all of the most captivating trends that have defined American popular culture since before the country began. Entries are well-researched and alphabetized by decade. At the start of every section is an insightful historical overview of the decade, and the set uniquely illustrates what today's readers have in common with the past. It also contains a Glossary of Slang for each decade as well as a bibliography, plus suggestions for further reading for each entry. Students and readers interested in history will enjoy discovering trends through the years in such areas as fashion, movies, music, and sports.

craze of late 2000s politics nyt: The Untold History of Ramen George Solt, 2014-02-22 A rich, salty, and steaming bowl of noodle soup, ramen has become an international symbol of the cultural prowess of Japanese cuisine. In this highly original account of geopolitics and industrialization in Japan, George Solt traces the meteoric rise of ramen from humble fuel for the working poor to international icon of Japanese culture. Ramen's popularity can be attributed to political and economic change on a global scale. Using declassified U.S. government documents and an array of Japanese sources, Solt reveals how the creation of a black market for American wheat imports during the U.S. occupation of Japan (1945-1952), the reindustrialization of Japan's labor force during the Cold War, and the elevation of working-class foods in redefining national identity during the past two decades of economic stagnation (1990s-2000s), all contributed to the establishment of ramen as a national dish. This book is essential reading for scholars, students of Japanese history and food studies, and anyone interested in gaining greater perspective on how international policy can influence everyday foods around the world.

craze of late 2000s politics nyt: The 2000s Bob Batchelor, 2008-11-30 Welcome to Pop Culture 2.0. In the 2000s, Generation eXposure, emerged from the marriage of new technology and the nation's obsession with celebrity. Social media technology, such as MySpace, YouTube, Facebook, and countless blogs, gave everyman a voice and a public persona that they could share with friends across the street or around the world. Suddenly, it was not enough to imitate Britney Spears or Paris Hilton, technology gave everyone a platform to launch their own 15 minutes of fame. The fixation on self and celebrity acted as a diversion from more serious challenges the nation faced, including President George W. Bush's War on Terror. The wars overseas sharply divided the country, after a moment of national unity after the terrorist attacks on 9/11, which took away one of the world's most recognizable buildings. The era witnessed interest rates dropping to historic lows, but later subprime became one of the most searched terms on Google as the nation teetered on recession. Big was in like never before and suddenly people nationwide could buy or build their own McMansion-a slice of the American dream. While supersized homes and fast food meals became commonplace, the electronics and transportation advances proved that good things came in increasingly smaller packages. Apple's iPod reinvented how people interacted with music, hybrids changed thoughts on fuel efficiency as a gallon of gas topped \$3. Cell phones usage ballooned in our

always on society, while physically shrinking to the size of a deck of cards. Yes, me-centric Pop Culture 2.0, which the pundits predicted would some day arrive, burst onto the scene and ultimately transformed the way we interact with one another and the world around us. Chapters inside the latest volume in the American Popular Culture Through History series explore various aspects of popular culture, including advertising, literature, leisure activities, music visual arts, and travel. Supplemental resources include a timeline of important events, cost comparisons, and an extensive bibliography for further reading.

craze of late 2000s politics nyt: *When Culture Impacts Health* Cathy Banwell, Stanley Ulijaszek, Jane Dixon, 2013-01-25 Bringing the hard-to-quantify aspects of lived experience to analysis, and emphasizing what might be lost in interventions if cultural insights are absent, this book includes case studies from across the Asia and Pacific regions –Bangladesh, Malaysia, New Guinea, Indonesia, Thailand, South Korea, Australia, New Zealand, Tuvalu and the Cook Islands. *When Culture Impacts Health* offers conceptual, methodological and practical insights into understanding and successfully mediating cultural influences to address old and new public health issues including safe water delivery, leprosy, Attention Deficit Hyperactivity Disorder and body image. It contains useful methodological tools – how to map cultural consensus, measure wealth capital, conduct a cultural economy audit, for example. It provides approaches for discerning between ethnic and racial constructs and for conducting research among indigenous peoples. The book will be indispensable for culture and health researchers in all regions. - Discusses global application of case descriptions - Demonstrates how a cultural approach to health research enriches and informs our understanding of intractable public health problems - Covers methods and measurements applicable to a variety of cultural research approaches as well as actual research results - Case studies include medical anthropology, cultural epidemiology, cultural history and social medicine perspectives

craze of late 2000s politics nyt: *Boombustology* Vikram Mansharamani, 2019-05-07 The new, fully-updated edition of the respected guide to understanding financial extremes, evaluating investment opportunities, and identifying future bubbles Now in its second edition, *Boombustology* is an authoritative, up-to-date guide on the history of booms, busts, and financial cycles. Engaging and accessible, this popular book helps investors, policymakers, and analysts navigate the radical uncertainty that plagues today's uncertain investing and economic environment. Author Vikram Mansharamani, an experienced global equity investor and prominent Harvard University lecturer, presents his multi-disciplinary framework for identifying financial bubbles before they burst. Moving beyond the typical view of booms and busts as primarily economic occurrences, this innovative book offers a multidisciplinary approach that utilizes microeconomic, macroeconomic, psychological, political, and biological lenses to spot unsustainable dynamics. It gives the reader insights into the dynamics that cause soaring financial markets to crash. Cases studies range from the 17th Century Dutch tulip mania to the more recent US housing collapse. The numerous cross-currents driving today's markets—trade wars, inverted yield curves, currency wars, economic slowdowns, dangerous debt dynamics, populism, nationalism, as well as the general uncertainties in the global economy—demand that investors, policymakers, and analysts be on the lookout for a forthcoming recession, market correction, or worse. An essential resource for anyone interested in financial markets, the second edition of *Boombustology*: Adopts multiple lenses to understand the dynamics of booms, busts, bubbles, manias, crashes Utilizes the common characteristics of past bubbles to assist in identifying future financial extremes Presents a set of practical indicators that point to a financial bubble, enabling readers to gauge the likelihood of an unsustainable boom Offers two new chapters that analyze the long-term prospects for Indian markets and the distortions being caused by the passive investing boom Includes a new foreword by James Grant, legendary editor of Grant's Interest Rate Observer A comprehensive exploration of how bubbles form and why they burst, *Boombustology*, 2nd Edition is packed with a wealth of new and updated information for individual and institutional investors, academics, students, policymakers, risk-managers, and corporate managers alike.

craze of late 2000s politics nyt: Spinning Mambo into Salsa Juliet McMains, 2015-05-01

Arguably the world's most popular partnered social dance form, salsa's significance extends well beyond the Latino communities which gave birth to it. The growing international and cross-cultural appeal of this Latin dance form, which celebrates its mixed origins in the Caribbean and in Spanish Harlem, offers a rich site for examining issues of cultural hybridity and commodification in the context of global migration. Salsa consists of countless dance dialects enjoyed by varied communities in different locales. In short, there is not one dance called salsa, but many. *Spinning Mambo into Salsa*, a history of salsa dance, focuses on its evolution in three major hubs for international commercial export-New York, Los Angeles, and Miami. The book examines how commercialized salsa dance in the 1990s departed from earlier practices of Latin dance, especially 1950s mambo. Topics covered include generational differences between Palladium Era mambo and modern salsa; mid-century antecedents to modern salsa in Cuba and Puerto Rico; tension between salsa as commercial vs. cultural practice; regional differences in New York, Los Angeles, and Miami; the role of the Web in salsa commerce; and adaptations of social Latin dance for stage performance. Throughout the book, salsa dance history is linked to histories of salsa music, exposing how increased separation of the dance from its musical inspiration has precipitated major shifts in Latin dance practice. As a whole, the book dispels the belief that one version is more authentic than another by showing how competing styles came into existence and contention. Based on over 100 oral history interviews, archival research, ethnographic participant observation, and analysis of Web content and commerce, the book is rich with quotes from practitioners and detailed movement description.

craze of late 2000s politics nyt: *A Quick Guide to Writing Business Stories* Joe Mathewson, 2016-03-02 Business journalism is of critical importance to society, though it may appear to some that it concerns only big business and big investors. *A Quick Guide to Writing Business Stories* helps students acquire the marketable writing skills required to succeed in this competitive and vibrant segment of print and online journalism. This hands-on, practical text provides step-by-step guidance on how to write business articles such as the corporate quarterly earnings story, small business profiles, and business or consumer trend stories. Mathewson's book, based on Northwestern University's highly successful business journalism program, guides students in the use of data, documents and sophisticated expert sources. With *A Quick Guide to Writing Business Stories* as their resource, students will be able to write challenging stories with clarity and speed, greatly enhancing the journalist's ability to tackle stories on other complex topics, in any medium.

craze of late 2000s politics nyt: *The First Resort* Matthew Smith, 2023-01-17 Social psychiatry was a mid-twentieth-century approach to mental health that stressed the prevention of mental illness rather than its treatment. Its proponents developed environmental explanations of mental health, arguing that socioeconomic problems such as poverty, inequality, and social isolation were the underlying causes of mental illness. The influence of social psychiatry contributed to the closure of psychiatric hospitals and the emergence of community mental health care during the 1960s. By the 1980s, however, social psychiatry was in decline, having lost ground to biological psychiatry and its emphasis on genetics, neurology, and psychopharmacology. *The First Resort* is a history of the rise and fall of social psychiatry that also explores the lessons this largely forgotten movement has to offer today. Matthew Smith examines four ambitious projects that investigated the relationship between socioeconomic factors and mental illness in Chicago, New Haven, New York City, and Nova Scotia. He contends that social psychiatry waned not because of flaws in its preventive approach to mental health but rather because the economic and political crises of the 1970s and the shift to the right during the 1980s foreclosed the social changes required to create a more mentally healthy society. Smith also argues that social psychiatry provides timely insights about how progressive social policies, such as a universal basic income, can help stem rising rates of

mental illness in the present day.

craze of late 2000s politics nyt: *Extreme Exoticism* William Anthony Sheppard, 2019 *Extreme Exoticism* explores the role of music in shaping American perceptions of the Japanese, the influence of Japanese music on American composers, and the place of Japanese Americans in American musical life over the past 150 years.

craze of late 2000s politics nyt: Bill Cunningham: On the Street New York Times, 2019-09-03 NEW YORK TIMES BESTSELLER • The first published collection of photographs by the icon of street style, bringing together favorites published in The New York Times alongside never-before-seen work across five decades. "A dazzling kaleidoscope from the gaze of an artist who saw beauty at every turn."—André Leon Talley Bill Cunningham's photography captured the evolution of style, of trends, and of the everyday, both in New York City and in Paris. But his work also shows that street style is not only about fashion; it's about the people and the changing culture. These photographs—many never before seen, others having originally appeared in The New York Times and elsewhere—move from decade to decade, beginning in the 1970s and continuing until Cunningham's death in 2016. Here you'll find Cunningham's distinctive chronicling of the 1980s transit strike, the rise of 1990s casual Fridays, the sadness that fell over the city following 9/11, Inauguration Day 2009, the onset of selfies, and many other significant moments. This enduring portfolio is enriched by essays that provide a revealing portrait of Cunningham and a few of his many fascinations and influences, contributed by Cathy Horyn, Tiina Loite, Vanessa Friedman, Ruth La Ferla, Guy Trebay, Penelope Green, Jacob Bernstein, and a much favored subject, Anna Wintour. More than anything, *On the Street* is a timeless representation of Cunningham's commitment to capturing the here and now. "An absolute delight."—People
