crime and investigation channel guide: Crimes of the Powerful Dawn Rothe, David Kauzlarich, 2016-03-31 As politicians and the media perpetuate the stereotype of the common criminal, crimes committed by the powerful remain for the most part invisible, or are reframed as a bad decision or a rare mistake. This is a topic that remains marginalized within the field of criminology and criminal justice, yet crimes of the powerful cause more harm, perpetuate more inequalities, and result in more victimization than street crimes. Crimes of the Powerful: An introduction is the first textbook to bring together and show the symbiotic relationships between the related fields of state crime, white-collar crime, corporate crime, financial crime, organized crime, and environmental crime. Dawn L. Rothe and David Kauzlarich introduce the many types of crimes,

methodological issues associated with research, theoretical relevance, and issues surrounding regulations and social controls for crimes of the powerful. Themes covered include: media, culture, and the Hollywoodization of crimes of the powerful; theoretical understanding and the study of the crimes of the powerful; a typology of crimes of the powerful with examples and case studies; victims of the crimes of the powerful; the regulation and resistance of elite crime. An ideal introductory text for both undergraduate and postgraduate students taking modules on the crimes of the powerful, white-collar crime, state crime, and green criminology, this text includes chapter summaries, activities and discussion questions, and lists of additional resources including films, websites, and additional readings.

crime and investigation channel guide: Kiss Me Not Emma Hart, 2019-08-27 What do you do when you're the reigning kissing booth champion but the only person you want to kiss is your best friend's brother? Let me make this clear right here, right now: I, Halley Dawson, do not care that Preston Wright is kissing other women. Not a lick. Not at all. Nuh-uh-freakin'-uh. I do care that he's doing it six feet away from me behind a gaudy velvet curtain--making him my competition in this year's kissing contest. Why do I care, you ask? Because I've had an unfortunate crush on the insufferable idiot since I was sixteen years old, but I also know it's never going to happen. He's the Creek Falls bachelor to die for, and I'm the Creek Falls racoon lady who puts peanut butter sandwiches out for them every night. I'm not going to let him break my four-year-long reign--no matter how many times he breaks the rules and slides the curtain across to do the one thing he's not allowed to: Kiss me.

crime and investigation channel guide: Cop Shows Roger Sabin, Ronald Wilson, Linda Speidel, 2015-03-07 From cops who are paragons of virtue, to cops who are as bad as the bad guys...from surly loners, to upbeat partners...from detectives who pursue painstaking investigation, to loose cannons who just want to kick down the door, the heroes and anti-heroes of TV police dramas are part of who we are. They enter our living rooms and tell us tall tales about the social contract that exists between the citizen and the police. Love them or loathe them--according to the ratings, we love them--they serve a function. They've entertained, informed and sometimes infuriated audiences for more than 60 years. This book examines *Dragnet*, *Highway Patrol*, *Naked City*, *The Untouchables*, *The F.B.I.*, *Columbo*, *Hawaii Five-O*, *Kojak*, *Starsky & Hutch*, *Hill Street Blues*, *Cagney & Lacey*, *Miami Vice*, *Law & Order*, *Homicide: Life on the Street*, *NYPD Blue*, *CSI*, *The Shield*, *The Wire*, and *Justified*. It's time to take another look at the perps, the vics and the boys and girls in blue, and ask how their representation intersects with questions of class, gender, sexuality, and race. What is their socio-cultural agenda? What is their relation to genre and televisuality? And why is it that when a TV cop gives a witness his card and says, call me, that witness always ends up on a slab?
