

critical studies in media communication journal

critical studies in media communication journal stands as a pivotal publication in the field of media and communication research. It offers a rigorous platform for scholars to explore and critique the multifaceted dimensions of media culture, ideology, and power structures. This journal emphasizes theoretical and empirical studies that challenge conventional media narratives and investigate the socio-political implications of communication practices. Researchers and practitioners alike rely on the **critical studies in media communication journal** to stay abreast of innovative methodologies and critical perspectives shaping the discourse. This article delves into the journal's scope, its academic significance, submission guidelines, and its impact on media communication scholarship. The following sections provide a comprehensive overview of the **critical studies in media communication journal**'s role in advancing critical media theory and practice.

- Overview of Critical Studies in Media Communication Journal
- Scope and Thematic Focus
- Academic Significance and Impact
- Submission Process and Peer Review
- Key Research Areas and Methodologies
- Accessibility and Publication Frequency
- Impact on Media Communication Scholarship

Overview of Critical Studies in Media Communication Journal

The **critical studies in media communication journal** is an academic periodical dedicated to the critical examination of media and communication processes. It provides a scholarly forum for the exploration of media's role in shaping culture, identity, and power relations in society. Established to fill a gap in critical media theory, this journal publishes research articles, theoretical essays, and book reviews that address contemporary challenges in media communication. The journal encourages interdisciplinary approaches, incorporating insights from cultural studies, sociology, political science, and communication studies to deepen understanding of media's influence.

Scope and Thematic Focus

The scope of the **critical studies in media communication journal** covers a broad range of topics that interrogate media practices and their societal implications. Central to its thematic focus is the critique of dominant media

ideologies and the exploration of alternative media narratives. Topics frequently addressed include media representation, audience reception, digital culture, media policy, and the intersection of media with race, gender, and class.

Core Themes

The journal prioritizes research that critically analyzes:

- The construction and dissemination of media ideologies
- The relationship between media and power structures
- Resistance and counter-hegemonic media practices
- Impact of digital technologies on communication dynamics
- Globalization and transnational media flows

Academic Significance and Impact

Critical studies in media communication journal holds significant academic influence due to its commitment to advancing critical theory and empirical research. It is widely cited in scholarly work that addresses media's role in perpetuating or challenging social inequalities. The journal's impact factor and indexing in major academic databases reflect its prestige in the communication discipline. It serves as an essential resource for researchers, educators, and students engaged in critical media analysis.

Contribution to Scholarship

The journal contributes to the academic community by:

- Promoting rigorous peer-reviewed research
- Encouraging interdisciplinary and innovative methodologies
- Fostering debates on ethical and political aspects of media
- Providing a platform for emerging critical perspectives

Submission Process and Peer Review

The critical studies in media communication journal follows a stringent submission and peer review process to maintain high scholarly standards. Prospective authors must ensure their manuscripts align with the journal's focus on critical media studies. Submissions undergo double-blind peer review, which involves evaluation by experts in the field to assess originality, methodology, theoretical grounding, and contribution to the

discipline.

Guidelines for Authors

Authors interested in submitting to the journal should adhere to the following guidelines:

1. Manuscripts must be original and unpublished work.
2. Research should demonstrate critical engagement with media theories.
3. Proper citation and ethical research practices are mandatory.
4. Manuscripts should follow the journal's formatting and style requirements.
5. Authors must be prepared to revise submissions based on peer feedback.

Key Research Areas and Methodologies

The journal embraces a diverse range of methodologies that facilitate critical inquiry into media communication. Qualitative methods such as discourse analysis, ethnography, and critical content analysis are prevalent. Additionally, theoretical essays often incorporate cultural theory, political economy, and critical race theory to contextualize findings within broader social frameworks.

Methodological Approaches

- Discourse and textual analysis to deconstruct media messages
- Ethnographic studies of media production and consumption
- Critical political economy examining media ownership and control
- Intersectional analyses addressing identity and representation
- Digital media studies focusing on new communication technologies

Accessibility and Publication Frequency

The critical studies in media communication journal is published regularly, typically on a quarterly basis, ensuring a steady flow of contemporary research. The journal is accessible through academic institutions and libraries, with many issues available in both print and digital formats. Accessibility is a priority, with efforts to reach a global audience of scholars and practitioners in media communication.

Distribution and Availability

- Subscription access via universities and research institutions
- Digital archives for past and current issues
- Abstracting and indexing in major academic databases
- Special issues focusing on emerging topics in media studies

Impact on Media Communication Scholarship

The critical studies in media communication journal has significantly shaped contemporary media scholarship by fostering critical dialogue and challenging dominant paradigms. Its emphasis on critical theory enriches the understanding of media's role in social transformation and cultural politics. Scholars frequently cite this journal when addressing issues of media bias, representation, and the political economy of communication.

Influence on Research and Teaching

Through its publications, the journal has influenced:

- Curriculum development in media and communication studies
- Theoretical frameworks used in media research
- Policy discussions related to media regulation and ethics
- Cross-disciplinary collaborations in humanities and social sciences

Frequently Asked Questions

What is the focus of the Critical Studies in Media Communication journal?

Critical Studies in Media Communication is a scholarly journal that focuses on the critical analysis of media, communication practices, and their social, political, and cultural impacts.

Who publishes the Critical Studies in Media Communication journal?

The Critical Studies in Media Communication journal is published by Taylor & Francis on behalf of the National Communication Association.

How can researchers submit their work to the Critical Studies in Media Communication journal?

Researchers can submit their manuscripts through the journal's online submission system available on the Taylor & Francis website, following the journal's submission guidelines and peer-review process.

What types of articles are typically published in Critical Studies in Media Communication?

The journal publishes original research articles, critical essays, theoretical analyses, and reviews that engage with media communication from critical, cultural, and social perspectives.

Is Critical Studies in Media Communication a peer-reviewed journal?

Yes, Critical Studies in Media Communication is a peer-reviewed academic journal, ensuring that all published articles meet rigorous scholarly standards.

Additional Resources

1. Media and Cultural Theory: Key Concepts and New Directions

This book offers a comprehensive overview of critical theories that shape media and cultural studies. It explores foundational concepts such as ideology, hegemony, and discourse, while also addressing emerging trends in digital media. Scholars and students will find insightful discussions on how media influences societal power structures and identity formation.

2. Communication and Power: Critical Studies in Media and Society

Focusing on the relationship between communication practices and power dynamics, this text examines how media perpetuates or challenges social inequalities. It includes case studies on media ownership, censorship, and representation of marginalized groups. The book encourages readers to critically analyze how media shapes political and cultural power relations.

3. Critical Media Studies: An Introduction

Designed as an introductory text, this book navigates the key debates and methodologies in critical media studies. It covers topics such as media industries, audience reception, and the role of ideology in media texts. The accessible writing style makes it ideal for students new to the field or those seeking a foundational understanding.

4. Digital Media and Society: Transformations in Communication

This book investigates the impact of digital technologies on communication practices and media consumption. It critically addresses issues such as surveillance, digital labor, and the politics of online platforms. The authors provide a multidisciplinary approach to understanding how digital media reshapes social interactions and power structures.

5. Race, Media, and Representation: Critical Perspectives

Examining the intersection of race and media, this volume analyzes how racial identities are constructed and contested through media texts. It discusses stereotypes, exclusion, and resistance in various media forms including news,

film, and social media. The book challenges readers to consider the implications of media representation on social justice.

6. *Gender and Media: Feminist Perspectives in Critical Communication*

This book explores how gender is represented and negotiated within media cultures. It draws on feminist theories to critique the portrayal of women and LGBTQ+ communities in television, advertising, and digital media. The text highlights the role of media in both reinforcing and challenging traditional gender norms.

7. *Media Activism and Social Change: Critical Approaches to Communication*

Highlighting the role of media in activism, this book investigates how marginalized groups use communication technologies for social change. It covers topics such as grassroots media, citizen journalism, and digital campaigning. The work emphasizes the potential and limitations of media as a tool for political empowerment.

8. *Political Economy of Media: Critical Perspectives*

This book offers a detailed analysis of the economic structures underpinning media industries and their implications for democracy and culture. It critiques media conglomerates, advertising influence, and regulatory policies. Readers gain an understanding of how economic interests shape media content and accessibility.

9. *Media Ethics and Critical Communication*

Focusing on ethical considerations in media production and consumption, this volume addresses issues such as truth, bias, and responsibility. It examines the challenges journalists, producers, and audiences face in an era of misinformation and digital disruption. The book encourages a critical stance toward ethical dilemmas in contemporary media landscapes.

critical studies in media communication journal: Media Research Methods James A. Anderson, 2011-09-21 Media Research Methods: Understanding Metric and Interpretive Approaches brings the insights of a senior theorist, methodologist, and critic to the classroom. Departing from the methods recipe approach, the text explains the reasons behind the methods and makes the connections to theory and knowledge production. Written in a conversational style, the book engages students and appeals to them as media consumers and users of research. The book takes the reader through each step of the research process, outlining the procedures, differences, strengths and limitations of metric, interpretive and the newer hybrid approaches. The text lays down a strong foundation in empirical research and problem solving, addressing metric topics of hypotheses, sampling, statistics, survey and experimental protocols and interpretive topics of textual analysis, coding, critical engagement and ethnography. A special chapter at the end of the book is a helpful guide for those readers who aspire to a research and analysis career.

critical studies in media communication journal: Explorations in Critical Studies of

Advertising James F. Hamilton, Robert Bodle, Ezequiel Korin, 2016-10-26 This volume provides a thoughtful and wide-ranging exploration of approaches to the critical study of advertising. Current and impending practices of advertising have in many ways exceeded the grasp of traditional modes of critique, due at least in part to their being formulated in very different historical conditions. To begin to address this lag, this edited collection explores through critical discussion and application a variety of critical approaches to advertising. Authors address a variety of concrete examples in their chapters, drawing on existing research while presenting new findings where relevant. In order to maintain the relevance of this collection past this particular historical moment, however, chapters do not simply report on empirical work, but develop a theoretical argument.

critical studies in media communication journal: *Critical Media Studies* Brian L. Ott, Robert L. Mack, 2013-12-02 Fully revised to reflect today's media environment, this new edition of *Critical Media Studies* offers students a comprehensive introduction to the field and demonstrates how to think critically about the power and influence of media in our daily lives. Material new to this edition includes a chapter on sociological analysis and reveals new ways audiences use media in their everyday lives to manage social roles, relationships, and contexts. Readers will also appreciate the extensive updating of previously discussed examples to reflect contemporary industry standards, textual forms, and audience behaviors and the inclusion of more international material to reflect contemporary media's global reach. Continuing its well-received writing style that is both engaging and accessible, the book's twelve perspectives provide readers with a diverse array of critical approaches to media studies, including original approaches such as erotic, sociological, and ecological analysis. Combining the best of well-tested theory with cutting-edge scholarship, this new edition of *Critical Media Studies*, offers invaluable insights into our current understanding of the nature and consequences of media in today's world. Updated and enhanced online resources for instructors - including PowerPoint slides, test bank, study guides, and sample assignments - can be found at www.wiley.com/go/criticalmediastudies.

critical studies in media communication journal: *Global Media Studies* Toby Miller, Marwan M. Kraidy, 2016-10-10 *Global Media Studies* is unique in its coverage of places, peoples, institutions, and discourses. Toby Miller and Marwan M. Kraidy provide a comprehensive "how-to" guide to the study of media, going far beyond the established English-language literature and drawing on the best methods and research from around the world. They look at political economy, global policymaking and governance, and the past and present manifestations of cultural imperialism. In addition to providing a survey of the field, the book introduces a new form of textual analysis, with a special focus on reality television, as well as models of audience research. The authors include original analyses of the US, European, Latin American, and Arab worlds, and case studies of mobile telephony, the impact of US media, and reality television. This original and uniquely global textbook will be an essential resource for students of global media and international communication.

critical studies in media communication journal: *Media Today* Joseph Turow, 2011-09-22 *Media Today* puts students at the center of the profound changes in the twenty-first century media world - from digital convergence to media ownership - and gives them the skills to think critically about what these changes mean for the role of media in their lives. *Media Today*, Fourth Edition is built around four key concepts: A media systems approach allows students to understand the interconnected cultural, political, and economic forces that shape media they encounter every day. Unique insights into media trends give students an insider's perspective on how media industries are responding to changes from globalization to social networking. Focus on digital convergence shows in each chapter how digital media is transforming traditional mass media such as newspapers, magazines, and television. A media literacy goal encourages and builds critical skills to make students more informed and engaged citizens in our media-driven society. Completely revised with updated examples, new case studies, and new online video resources, the 4th edition of *Media Today* connects the latest trends, debates, and technologies to the history of media, highlighting the impact and meaning of today's changes to the media landscape, especially how traditional industries have

blurred together with digital convergence. Additional learning resources including a new set of online video resources, interactive quizzes, study resources, and instructor guides are available on the free companion website at: www.routledge.com/textbooks/mediatoday4e.

critical studies in media communication journal: The Handbook of Media and Mass Communication Theory, 2 Volume Set Robert S. Fortner, P. Mark Fackler, 2014-05-05 The Handbook of Media and Mass Communication Theory presents a comprehensive collection of original essays that focus on all aspects of current and classic theories and practices relating to media and mass communication. Focuses on all aspects of current and classic theories and practices relating to media and mass communication Includes essays from a variety of global contexts, from Asia and the Middle East to the Americas Gives niche theories new life in several essays that use them to illuminate their application in specific contexts Features coverage of a wide variety of theoretical perspectives Pays close attention to the use of theory in understanding new communication contexts, such as social media 2 Volumes

critical studies in media communication journal: Issues in Social, Ethnic, and Cultural Research: 2011 Edition, 2012-01-09 Issues in Social, Ethnic, and Cultural Research: 2011 Edition is a ScholarlyEditions™ eBook that delivers timely, authoritative, and comprehensive information about Social, Ethnic, and Cultural Research. The editors have built Issues in Social, Ethnic, and Cultural Research: 2011 Edition on the vast information databases of ScholarlyNews.™ You can expect the information about Social, Ethnic, and Cultural Research in this eBook to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The content of Issues in Social, Ethnic, and Cultural Research: 2011 Edition has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. All of the content is from peer-reviewed sources, and all of it is written, assembled, and edited by the editors at ScholarlyEditions™ and available exclusively from us. You now have a source you can cite with authority, confidence, and credibility. More information is available at <http://www.ScholarlyEditions.com/>.

critical studies in media communication journal: Research in Media Promotion Susan Tyler Eastman, 2000-08-01 Eastman has assembled this exemplary volume to spotlight media promotion and to examine current research on the promotion of television and radio programs. The studies included here explore various types of promotion and use widely differing methods and approaches, providing a comprehensive overview of promotion research activities. Chapters include extensive literature reviews, original research, and discussion of research questions for subsequent study. Research in Media Promotion serves as a benchmark for the current state of promotion research and theory, and establishes the role of promotion as a primary factor affecting audience size. Appropriate for coursework and study in programming, marketing, research methods, management, and industry processes and practices, this volume offers agenda items for future study and is certain to stimulate new research ideas.

critical studies in media communication journal: The ^AOxford Handbook of Media and Social Justice Srividya Ramasubramanian, Omotayo O. Banjo, 2025-06-17 This Handbook gathers over forty leading scholars and presents a state-of-the-art systematic overview of media and social justice. The chapters explore intersecting identities, social structures, and power networks within media ownership, representation, selection, uses, effects, networks, and social transformation. Connecting critical media scholarship with intersectional feminism, postcolonial/anticolonial theory, Indigenous approaches, queer theory, diaspora studies, and environmental justice frameworks, the Handbook re-envision the role of media and technology with an inclusive trauma-informed approach to scholarship that is essential for the future of this research.

critical studies in media communication journal: The Rhetorical Power of Popular Culture Deanna D. Sellnow, 2017-03-07 Can television shows like Modern Family, popular music by performers like Taylor Swift, advertisements for products like Samuel Adams beer, and films such as The Hunger Games help us understand rhetorical theory and criticism? The Third Edition of The Rhetorical Power of Popular Culture offers students a step-by-step introduction to rhetorical theory

and criticism by focusing on the powerful role popular culture plays in persuading us as to what to believe and how to behave. In every chapter, students are introduced to rhetorical theories, presented with current examples from popular culture that relate to the theory, and guided through demonstrations about how to describe, interpret, and evaluate popular culture texts through rhetorical analysis. Author Deanna Sellnow also provides sample student essays in every chapter to demonstrate rhetorical criticism in practice. This edition's easy-to-understand approach and range of popular culture examples help students apply rhetorical theory and criticism to their own lives and assigned work.

critical studies in media communication journal: Comparative Communication

Research Sophia Charlotte Volk, 2022-02-01 Comparative research has gained enormous popularity in communication and media studies in the last two decades and is increasingly conducted in international research teams. Collaboration with scholars from different countries brings many advantages, but it is also prone to conflict. Sophia Charlotte Volk presents the first systematic reflection on the conceptual, methodological, and social challenges of international collaborative and comparative studies in communication science. A systematic review of comparative studies and expert interviews with communication scholars shed light on how challenges manifest themselves empirically and what solutions have proven to be appropriate. The book proposes a phase model of collaborative and comparative research that can serve as a guide for scholars on what conditions should be created for productive collaboration in temporary research projects.

critical studies in media communication journal: Quantitative Research Methods in

Communication Erica Scharrer, Srividya Ramasubramanian, 2025-04-17 This fully updated second edition offers an advanced introduction to quantitative methods that focuses on why and how to conduct research that contributes to social justice. Providing both inspiration and step-by-step guidance on how to conceive, design, and carry out a quantitative study, the book shows how research can be used to work toward a more just and equitable world. The authors provide a detailed guide to quantitative methods and statistical analysis, showing how researchers can engage with social justice issues in systematic, rigorous, ethical, and meaningful ways. This new edition includes a new chapter on writing literature reviews and better aligns with the stages of quantitative research as well as the changing technologies that are available for researchers to both study and use in their work. It includes updated real-world case studies, interviews with scholar-activists, and definitions of key concepts as well as a deeper focus on ethics, social media, computational social sciences, data analytics, and data visualization techniques. Attuned to questions of access, equity, justice, diversity, and inclusion, this textbook is ideal for graduate and advanced undergraduate courses in research methods for communication and the social sciences. It will also be of interest to researchers who wish to engage with the transformation of structures, practices, and understandings in society through community and civic engagement and policy formation. Online resources for instructors include a test bank, PowerPoint slides, sample dataset, and YouTube tutorials. They are available online at www.routledge.com/9781032599878.

critical studies in media communication journal: The Routledge Companion to Media

Industries Paul McDonald, 2021-10-04 Bringing together 49 chapters from leading experts in media industries research, this major collection offers an authoritative overview of the current state of scholarship while setting out proposals for expanding, re-thinking and innovating the field. Media industries occupy a central place in modern societies, producing, circulating, and presenting the multitude of cultural forms and experiences we encounter in our daily lives. The chapters in this volume begin by outlining key conceptual and critical perspectives while also presenting original interventions to prompt new lines of inquiry. Other chapters then examine the impact of digitalization on the media industries, intersections formed between industries or across geographic territories, and the practices of doing media industries research and teaching. General ideas and arguments are illustrated through specific examples and case studies drawn from a range of media sectors, including advertising, publishing, comics, news, music, film, television, branded entertainment, live cinema experiences, social media, and music video. Making a vital and

significant contribution to media research, this volume is essential reading for students and academics seeking to understand and evaluate the work of the media industries. Chapter 10 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

critical studies in media communication journal: The Routledge Handbook of Digital Media and Globalization Dal Yong Jin, 2021-05-12 In this comprehensive volume, leading scholars of media and communication examine the nexus of globalization, digital media, and popular culture in the early 21st century. The book begins by interrogating globalization as a critical and intensely contested concept, and proceeds to explore how digital media have influenced a complex set of globalization processes in broad international and comparative contexts. Contributors address a number of key political, economic, cultural, and technological issues relative to globalization, such as free trade agreements, cultural imperialism, heterogeneity, the increasing dominance of American digital media in global cultural markets, the powers of the nation-state, and global corporate media ownership. By extension, readers are introduced to core theoretical concepts and practical ideas, which they can apply to a broad range of contemporary media policies, practices, movements, and technologies in different geographic regions of the world—North America, Europe, Africa, the Middle East, Latin America, and Asia. Scholars of global media, international communication, media industries, globalization, and popular culture will find this to be a singular resource for understanding the interconnected relationship between digital media and globalization.

critical studies in media communication journal: Critical Perspectives on Media, Power and Change Ilija Tomanić Trivundža, Hannu Nieminen, Nico Carpentier, Josef Trappel, 2018-10-19 This book aims to feed into the critical debates about media, power and change through the respectful inclusion of a wide variety of critical approaches and traditions. This diversity is simultaneously structured and balanced by a deeply shared set of concerns, that are mobilised to defend core societal values including social justice, equality, fairness, care for the other and humanity. Critical Perspectives on Media, Power and Change raises questions about how the omnipresent media can contribute to the materialisation of these core values, and how it sometimes works against them. Rethinking social change, mediatization and regulations are thus significant issues – explicitly addressed in this book. In addition the authors show how the role of the critical media and communication scholar merits and requires (self-)reflection; critical voices matter, but they also face structural limitations. This book was originally published as two special issues of Javnost – The Public.

critical studies in media communication journal: The Handbook of Critical Theoretical Research Methods in Education Cheryl E. Matias, 2021-05-12 The Handbook of Critical Theoretical Research Methods in Education approaches theory as a method for doing research, rather than as a background framework. Educational research often reduces theory to a framework used only to analyze empirically collected data. In this view theories are not considered methods, and studies that apply them as such are not given credence. This misunderstanding is primarily due to an empiricist stance of educational research, one that lacks understanding of how theories operate methodologically and presumes positivism is the only valid form of research. This limited perspective has serious consequences on essential academic activities: publication, tenure and promotion, grants, and academic awards. Expanding what constitutes methods in critical theoretical educational research, this edited book details 21 educationally just theories and demonstrates how theories are applied as method to various subfields in education. From critical race hermeneutics to Bakhtin's dialogism, each chapter explicates the ideological roots of said theory while teaching us how to apply the theory as method. This edited book is the first of its kind in educational research. To date, no other book details educationally just theories and clearly explicates how those theories can be applied as methods. With contributions from scholars in the fields of education and qualitative research worldwide, the book will appeal to researchers and graduate students.

critical studies in media communication journal: The Routledge Handbook of Mass Media Ethics Lee Wilkins, Clifford G. Christians, 2020-03-13 This fully updated second edition of

the popular handbook provides an exploration of thinking on media ethics, bringing together the intellectual history of global mass media ethics over the past 40 years, summarising existing research and setting future agenda grounded in philosophy and social science. This second edition offers up-to-date and comprehensive coverage of media ethics, including the ethics of sources, social media, the roots of law in ethics, and documentary film. The wide range of contributors include scholars and former professionals who worked as journalists, public relations professionals, and advertising practitioners. They lay out both a good grounding from which to begin more in-depth and individualized explorations, and extensive bibliographies for each chapter to aid that process. For students and professionals who seek to understand and do the best work possible, this book will provide both insight and direction. Standing apart in its comprehensive coverage, The Routledge Handbook of Mass Media Ethics is required reading for scholars, graduate students, and researchers in media, mass communication, journalism, ethics, and related areas.

critical studies in media communication journal: Local Violence, Global Media Lisa M. Cuklanz, Sujata Moorti, 2009 This series publishes critical scholarship that seeks to engage and transcend the disciplinary isolationism and genre confinement that now characterize so much of contemporary research in communication studies and related fields. It focuses on studies that address the broad intersections and hybrid trajectories that define the encounters between human groups in modern institutions and societies and the way these intersections are represented in contemporary popular cultural forms of knowledge.

critical studies in media communication journal: Digital Platform Regulation Terry Flew, Fiona R. Martin, 2022-05-23 This Open Access volume provides an in-depth exploration of global policy and governance issues related to digital platform regulation. With an international ensemble of contributors, the volume has at its heart the question: what would actually be involved in digital platform regulation?'. Once a specialised and niche field within internet and digital media studies, internet governance has in recent years moved to the forefront of policy debate. In the wake of scandals such as Cambridge Analytica and the global 'techlash' against digital monopolies, platform studies are undergoing a critical turn, but there is a greater need to connect such analysis to questions of public policy. This volume does just that, through a rich array of chapters concretely exploring the operation and influence of digital platforms and their related policy concerns. A wide variety of digital communication platforms are explored, including social media, content portals, search engines and appstores. An important and timely work, 'Digital Platform Regulation' provides valuable insights into new global platform-orientated policy reforms, supplying an important resource to researchers everywhere seeking to engage with policymakers in the debate about the power of digital platforms and how to address it.

critical studies in media communication journal: Media Study Frontiers in China Cui Lin, Wu Minsu, 2022-11-28 This collection of papers comprises over ten papers published in recent years, with topics on new phenomena, new problems, new thinking, and new views in the fields of "barrier-free communication", "new technologies and new media", "Internet and society", etc. They present and reflect on the new developments and new trends of current Chinese media research from different aspects, and to a certain extent outline and depict the landscape of the accelerating informatization of the Chinese society. They show the important influences of the media in the evolution of contemporary Chinese society.
