crimes of the heart play analysis: The Plays of Beth Henley Gene A. Plunka, 2014-11-18 Beth Henley's twelve complete plays (three of which have been turned into films) have achieved worldwide production. At age 29, she produced her first full-length drama, *Crimes of the Heart*, which won a Pulitzer Prize and garnered three Academy Award nominations as a film. Her Mississippi upbringing and her penchant for the eccentricities of southern culture, however, have caused critics to categorize her writing as a kind of southern gothic folklore inspired by feminist ideology. This book, the first critical study of Henley's complete plays, attempts to dispel the common stereotypes that associate Henley's work with regional drama and sociological treatises. It argues instead that Henley can best be perceived as a dramatist who delineates an existential despair manifested in various forms of what Freud calls the modern neurosis. The book maintains that Henley's plays must be understood as universal statements about the angst of modern civilization, and Henley's characters are assessed in light of Freud's proposition that cultural restrictions create neurotic individuals. The introduction provides a brief account of Henley's childhood and career. Early chapters summarize the theory of the modern *angoisse* espoused in Freud's *Civilization and Its Discontents*, while later chapters relate this theory to thematic and stylistic elements of Henley's most popular play, *Crimes of the Heart*, as well as *Am I Blue*, *The Wake of Jamie Foster*, *The Miss Firecracker Contest*, *The Debutante Ball*, *The Lucky Spot*, *Abundance*, *Signature*, *Control Freaks*, *Revelers*, *L-Play*, and *Impossible Marriage*.

crimes of the heart play analysis: Marginalized Casey Kayser, 2021-08-23 Winner of the 2021 Eudora Welty Prize In contrast to other literary genres, drama has received little attention in southern studies, and women playwrights in general receive less recognition than their male counterparts. In *Marginalized: Southern Women Playwrights Confront Race, Region, and Gender*, author Casey Kayser addresses these gaps by examining the work of southern women playwrights, making the argument that representations of the American South on stage are complicated by difficulties of identity, genre, and region. Through analysis of the dramatic texts, the rhetoric of reviews of productions, as well as what the playwrights themselves have said about their plays and productions, Kayser delineates these challenges and argues that playwrights draw on various conscious strategies in response. These strategies, evident in the work of such playwrights as Pearl Cleage, Sandra Deer, Lillian Hellman, Beth Henley, Marsha Norman, and Shay Youngblood, provide them with the opportunity to lead audiences to reconsider monolithic understandings of northern and southern regions and, ultimately, create new visions of the South.

crimes of the heart play analysis: All-American TV Crime Drama Sujata Moorti, Lisa Cuklanz, 2016-12-18 Law and Order Special Victims Unit (SVU) is more popular than any other American police procedural television series, but how does its unique focus on sex crimes reflect contemporary popular culture and feminist critique, whilst also recasting the classic crime narrative? All-American TV Crime Drama is the first dedicated study of SVU and its treatment of sexual violence, gender and criminality. The book uses detailed textual and visual analyses of episodes to illuminate the assumptions underpinning the programme. Although SVU engages with issues pertaining to feminism and gender it still relies upon traditional and misogynistic tropes such as false rape charges and the monstrous mother to undermine positive views of the feminine. The show, and its backdrop, New York City thus become a stage on which national concerns about women, gender roles, the family and race are carried out. Moorti and Cuklanz unpack how the show has become a crucible for examining current attitudes towards these issues and include an analysis of its reception by its many fans in over 30 countries.

crimes of the heart play analysis: Replay: Classic Modern Drama Reimagined Toby Zinman, 2014-11-20 *Replay: Classic Modern Drama Reimagined* spans over a century of great theatre to explore how iconic plays have been adapted and versioned by later writers to reflect or dissect the contemporary zeitgeist. Starting with *A Doll's House*, Ibsen's much-reprised masterpiece of marital relations from 1879, Toby Zinman explores what made the play so controversial and shocking in its day before tracing how later reimaginings have reworked Ibsen's original. The spine of plays then includes such landmark works as Strindberg's *Miss Julie*, Oscar Wilde's comic *The Importance of Being Earnest*, Chekhov's *Three Sisters* and *Uncle Vanya*, Hansberry's *A Raisin in the Sun*, the Rattigan centenary revivals, Thornton Wilder's *Our Town*, ultimately arriving at Beckett's *Waiting for Godot*. Taking each modern play as the starting point, Zinman explores the diverse renderings

and reworkings by subsequent playwrights and artists –including prominent directors and their controversial productions as well as acknowledging reworkings in film, opera and ballet. Through the course of this groundbreaking study we discover not only how theatrical styles have changed but how society's attitude towards politics, religion, money, gender, sexuality and race have radically altered over the course of the century. In turn *Replay* reveals how theatre can serve as both a reflection of our times and a provocation to them.
