

cs lewis problem of pain

cs lewis problem of pain is a seminal exploration into one of the most profound questions in theology and philosophy: Why does suffering exist if God is both omnipotent and benevolent? This work by C.S. Lewis delves into the complex relationship between divine goodness and human pain, offering compelling arguments that have influenced Christian apologetics significantly. The discussion encompasses the nature of God, the origin of evil, and the purpose behind suffering, all framed through Lewis's thoughtful and accessible prose. This article examines the core themes of cs lewis problem of pain, including Lewis's understanding of human free will, the concept of "fallen" humanity, and the spiritual significance of pain. Additionally, it explores how Lewis addresses common objections to the existence of suffering and the implications for faith and reason. The following sections provide a detailed analysis of these elements, serving as a comprehensive guide to cs lewis problem of pain.

- The Context and Background of C.S. Lewis's Work
- Understanding the Nature of Pain According to Lewis
- Theological Explanations for the Existence of Suffering
- Human Free Will and the Problem of Evil
- The Role of Divine Goodness and Justice
- Implications of Pain for Spiritual Growth
- Common Objections Addressed by Lewis

The Context and Background of C.S. Lewis's Work

C.S. Lewis wrote *The Problem of Pain* in 1940, during a time of global conflict and personal reflection. The backdrop of World War II, with its unprecedented suffering and loss, provided a poignant context for his exploration of pain and evil. Lewis, a former atheist turned Christian apologist, sought to reconcile the harsh realities of human suffering with the Christian doctrine of a loving God. His work aimed to provide intellectual and spiritual clarity for believers and skeptics alike, addressing doubts about faith arising from the experience of pain. Understanding the historical and personal context of Lewis's writing is essential to grasp the depth and nuance of his arguments regarding the problem of pain.

Understanding the Nature of Pain According to Lewis

Lewis approaches pain not merely as physical suffering but as a multifaceted experience that includes emotional and spiritual dimensions. He distinguishes between different types of pain, emphasizing that suffering serves a purpose beyond mere punishment or random misfortune. According to Lewis, pain is a mechanism that can lead to growth, awareness, and transformation, acting as a “megaphone” to rouse a deaf world. This perspective challenges the common perception of pain as solely negative and instead frames it as a potentially constructive force within the human experience.

Physical, Emotional, and Spiritual Pain

Lewis categorizes pain into three main types: physical, emotional, and spiritual. Physical pain alerts the body to injury and danger, serving a protective role. Emotional pain, such as grief or loneliness, reveals the depth of human relationships and attachments. Spiritual pain, often manifested as a sense of alienation from God or moral guilt, points toward a deeper existential reality. This comprehensive understanding allows Lewis to argue that pain is integral to human existence and spiritual development.

The Purpose of Pain

In cs lewis problem of pain, the purpose of suffering is ultimately connected to divine intention. Lewis suggests that pain functions as a tool for moral and spiritual refinement, helping individuals recognize their dependence on God and encouraging repentance and humility. Far from being arbitrary, pain has a pedagogical role in guiding humanity towards a higher good.

Theological Explanations for the Existence of Suffering

Central to cs lewis problem of pain is the theological explanation for why suffering exists in a world governed by a just and loving God. Lewis wrestles with the apparent contradiction between God’s omnipotence and omnibenevolence and the presence of evil and suffering. His solution involves the concepts of free will, the fallen state of creation, and the ultimate redemptive purpose of pain.

The Fall and Its Consequences

Lewis interprets the biblical Fall as a pivotal event that introduced moral evil and suffering into the world. Humanity’s rebellion against God resulted in a corrupted creation where pain and death became realities. This “fallen” condition explains why suffering is pervasive, positioning it as a consequence of human sin rather than the direct will of God.

The Role of a Good Creator

Lewis argues that God permits suffering because it is a necessary aspect of a morally significant world. A universe populated by free creatures capable of genuine love and goodness must also allow for the possibility of pain and evil. This framework maintains God's goodness while accounting for the existence of suffering.

Human Free Will and the Problem of Evil

One of the key elements in C.S. Lewis' problem of pain is the defense of human free will as a crucial factor in understanding evil and suffering. Lewis posits that free will is essential for genuine love and moral responsibility, but it also opens the door to sin and pain.

Freedom and Moral Responsibility

Lewis emphasizes that true freedom involves the capacity to choose good or evil. Without this freedom, love and virtue would be meaningless. The gift of free will entails the possibility of choosing against God's will, which leads to suffering and moral evil.

The Limits of Divine Intervention

Lewis discusses why God does not override human freedom to prevent pain. Intervening to eliminate every instance of suffering would negate freedom and undermine the moral development of humanity. Therefore, God's allowance of pain is consistent with respect for human autonomy.

The Role of Divine Goodness and Justice

In C.S. Lewis' problem of pain, the nature of divine goodness and justice is explored to explain how suffering fits within God's moral framework. Lewis challenges simplistic understandings of God's goodness, offering a more nuanced view that incorporates justice and the ultimate restoration of all things.

God's Goodness Beyond Human Understanding

Lewis argues that human beings have limited understanding of what constitutes true goodness. God's goodness transcends human notions of comfort or avoidance of pain, encompassing a broader vision of ultimate good that may include suffering as a means to a greater end.

The Justice of God and Final Judgment

Lewis stresses that suffering is not without purpose or final resolution. Divine justice ensures that pain and evil will be addressed, and ultimately, all wrongs will be made right. This eschatological perspective provides hope amid present suffering.

Implications of Pain for Spiritual Growth

Cs Lewis problem of pain highlights the spiritual significance of suffering in the life of believers. Pain is portrayed as a catalyst for deepening faith, character development, and closer communion with God.

Purification and Character Formation

Suffering can purify the soul, stripping away superficial attachments and fostering virtues such as patience, courage, and humility. Lewis views pain as a form of divine discipline that shapes believers into Christlike maturity.

Empathy and Compassion

Experiencing pain can also enhance empathy and compassion for others. Lewis suggests that shared suffering connects individuals with one another and with God, creating bonds of understanding and love.

Common Objections Addressed by Lewis

Throughout cs Lewis problem of pain, Lewis anticipates and responds to common objections regarding the existence of suffering and its compatibility with a good God. His responses provide a reasoned defense of the Christian worldview.

- **Why Doesn't God Prevent All Suffering?** Lewis explains that preventing all suffering would negate free will and the possibility of moral growth.
- **Is Pain Punishment for Sin?** While some pain results from sin, not all suffering is punitive; some serve a higher purpose in spiritual development.
- **Can God Use Evil for Good?** Lewis affirms that God can bring good out of evil, demonstrating divine sovereignty over suffering.
- **Does the Existence of Pain Mean God Is Not Loving?** Lewis argues that God's love is compatible with allowing pain as part of a larger plan for ultimate good.

Frequently Asked Questions

What is the main theme of C.S. Lewis's book 'The Problem of Pain'?

The main theme of 'The Problem of Pain' is exploring how to reconcile the existence of pain and suffering with the belief in a benevolent and omnipotent God.

How does C.S. Lewis explain the existence of pain in a good world?

C.S. Lewis argues that pain and suffering are necessary for moral and spiritual growth, helping humans develop virtues like courage and compassion, and that a world without pain would be a world without free will.

Does C.S. Lewis believe pain has a purpose?

Yes, Lewis believes that pain serves a divine purpose by warning us of danger, correcting our behavior, and ultimately bringing us closer to God.

How does 'The Problem of Pain' address the suffering of animals?

Lewis suggests that animal suffering is a result of the fallen state of the world and is less significant than human suffering, as animals do not possess moral awareness or eternal souls like humans.

What role does free will play in C.S. Lewis's explanation of pain?

Free will is central to Lewis's argument; he claims that God allows pain because it is a consequence of human freedom, which is necessary for genuine love and moral responsibility.

How does C.S. Lewis differentiate between pain and suffering?

Lewis differentiates pain as a physical sensation, while suffering involves the emotional and mental response to pain, which can be influenced by one's attitude and faith.

What criticisms does C.S. Lewis address about the idea of a loving God allowing pain?

Lewis addresses the criticism that a loving God would not permit suffering by explaining that God's love sometimes involves discipline and that pain can lead to greater good and

spiritual maturity.

Is 'The Problem of Pain' a purely theological book or does it include philosophical arguments?

The book combines both theological and philosophical arguments to explore the nature of pain, evil, and God's justice, making it accessible to a wide audience interested in these issues.

How has 'The Problem of Pain' influenced contemporary discussions on theodicy?

C.S. Lewis's book remains influential in contemporary theodicy debates by providing a compassionate and reasoned approach to understanding suffering, inspiring both religious believers and skeptics to reconsider the relationship between God and pain.

Additional Resources

1. *The Problem of Pain* by C.S. Lewis

This is the foundational work where Lewis tackles the difficult question of why a good and omnipotent God allows suffering. He explores the nature of pain, its purpose, and how it fits into the Christian worldview. The book combines philosophical reasoning with theological insights, making it accessible to both believers and skeptics.

2. *Where Is God When It Hurts?* by Philip Yancey

Yancey addresses the mystery of suffering with empathy and honesty, sharing personal stories and biblical reflections. The book offers comfort and hope to those struggling to understand pain in their own lives. It complements Lewis's work by focusing more on emotional and pastoral aspects.

3. *God on Mute: Engaging the Silence of Unanswered Prayer* by Pete Greig

This book explores the silence of God during times of suffering and unanswered prayers. Greig, drawing from personal experience, encourages readers to wrestle with doubt and pain while maintaining faith. It provides a modern perspective on the themes Lewis discusses regarding divine silence and suffering.

4. *The Problem of Pain and the Problem of Evil* by John Hick

Hick examines the problem of pain within a broader philosophical and theological context, addressing both moral and natural evil. He offers the "soul-making" theodicy, which suggests that suffering is necessary for spiritual growth. This work provides a scholarly complement to Lewis's more accessible approach.

5. *Walking with God through Pain and Suffering* by Timothy Keller

Keller combines biblical teaching with pastoral wisdom to help readers understand and endure suffering. He addresses common questions and doubts about pain, offering practical guidance for maintaining faith. The book aligns well with Lewis's themes but is more focused on pastoral care.

6. *The Dark Night of the Soul* by St. John of the Cross

This classic Christian text explores the spiritual struggles and suffering that believers may endure on their journey to God. It delves into the purification process through pain and the eventual union with the divine. While not directly addressing the problem of pain philosophically, it provides deep spiritual insight into suffering.

7. *Suffering and the Sovereignty of God* by John Piper

Piper investigates how God's sovereignty relates to human suffering, affirming that pain has a purpose within God's plan. He encourages believers to trust God even in the midst of hardship. This book complements Lewis's work by emphasizing divine control and ultimate good.

8. *The Problem of Pain: A Christian Response to Suffering* by Stephen W. Hiemstra

Hiemstra offers a contemporary Christian perspective on the problem of pain, engaging with both biblical texts and modern philosophical arguments. The book seeks to provide clear answers and hope for those wrestling with suffering. It serves as a useful companion to Lewis's classic text.

9. *Heaven in the Heart of Darkness: Finding God When Life Is Painful* by John Mark Comer

Comer addresses the reality of pain and suffering in a broken world, encouraging readers to find God's presence amid trials. Drawing from scripture and personal experience, he offers a hopeful and practical approach to enduring pain. This modern work resonates with Lewis's core message of hope through suffering.

cs lewis problem of pain: The Problem of Pain C. S. Lewis, 2001-02-06 Why must humanity suffer? In this elegant and thoughtful work, C. S. Lewis questions the pain and suffering that occur everyday and how this contrasts with the notion of a God that is both omnipotent and good. An answer to this critical theological problem is found within these pages.

cs lewis problem of pain: The Problem of Pain Clive Staples Lewis, 1977 For centuries Christians have been perplexed by the problem -- If God is good and all-powerful, why does he allow his creatures to suffer pain? In this book C.S. Lewis gives his view as a layman on the Christian doctrine relating to all aspects of the problem of pain and explains the existence of pain in a Christian world.--Cover

cs lewis problem of pain: Summary of C.S. Lewis's The Problem of Pain Milkyway Media, 2021-10-06 Buy now to get the main key ideas from C.S. Lewis's The Problem of Pain Throughout history, humanity has assumed that if God indeed was good and merciful, he would eradicate pain. In The Problem of Pain (1940), C.S. Lewis aims to disprove this belief and explain that evil, wars, and hunger do not refute the existence of a good, loving God. The Problem of Pain is a mix of religion, wisdom, spirituality, and compassion. It tackles arguments most commonly used to deny the presence of God and broadly compares the worldly understanding of goodness to the divine one.

Some of the major topics it discusses include suffering, sinning, heaven, agony, omnipotence, and redemption.

cs lewis problem of pain: The Problem of Pain C. S. Lewis, 2020-05-26 In *The Problem of Pain*, C.S. Lewis, one of the most renowned Christian authors and thinkers, examines a universally applicable question within the human condition: If God is good and all-powerful, why does he allow his creatures to suffer pain? With his signature wealth of compassion and insight, C.S. Lewis offers answers to these crucial questions and shares his hope and wisdom to help heal a world hungering for a true understanding of human nature.

cs lewis problem of pain: The Problem of Pain Study Guide Alan Vermilye, 2018-05-27 The Most Trusted Study Guide to Understanding *The Problem of Pain*! Why must humanity suffer? Why doesn't God alleviate our pain, even some? In his book *The Problem of Pain*, C.S. Lewis's philosophical approach to why we experience pain can be confusing at times. *The Problem of Pain Study Guide* breaks down each chapter into easy-to-understand questions and commentary to help you find meaning and hope amid the pain. *The Problem of Pain Study Guide* expands upon Lewis' elegant and thoughtful work where he seeks to understand how a loving, good, and powerful God can possibly coexist with the pain and suffering that is so pervasive in the world and in our lives. As Christ-followers we might expect the world to be just, fair, and less painful, but it is not. This is the problem of pain. In addition to Scripture references, discussion questions, and related commentary, *The Problem of Pain Study Guide* also provides easy-to-read chapter summaries highlighting overarching themes, definitions, and references. To help with those more difficult discussion questions, a complete Answer Guide and Scripture Reference Guide is available for free online. This complete Bible study experience is perfect for book clubs, church groups, and independent study. *The Problem of Pain Study Guide* includes: - Eleven sessions of study with multi-week options included - Comprehensive Bible study workbook with studies for each week - Complete chapter summaries to go deeper - Bible study questions that are ideal for group discussion - Answer Guide for all questions and Scripture - Reference Guide available for free online - Perfect for book clubs, small groups, or individual Bible study - Available in print or e-book formats The problem of pain is inescapable and its effects profound. *The Problem of Pain Study Guide* combines the wisdom of C.S. Lewis with the authority of Scripture to help you battle the issues and difficulties that lie ahead.

cs lewis problem of pain: C.S. Lewis—On the Christ of a Religious Economy, 3.1 P. H. Brazier, 2013-05-03 C. S. Lewis--*On the Christ of a Religious Economy I*, Creation and Sub-Creation opens with Lewis on creation, the fall into original sin, and the human condition before God and how such an understanding permeated all his work, post-conversion. For Lewis, Christ, the second person of the Trinity, is the agent of creation and its redeemer. This leads into Lewis's representation through sub-creation: explaining salvation history and the purpose of the creation and the creature through story (*The Chronicles of Narnia*, *The Space Trilogy*, *Screwtape*, etc.), but also the question of multiple incarnations, and the encounters he pens between Aslan-Christ and creatures. What does this tell us about the human predicament and our state after the fall? This volume forms the first part of the third book in a series of studies on the theology of C. S. Lewis titled *C. S. Lewis: Revelation and the Christ*. The books are written for academics and students, but also, crucially, for those people, ordinary Christians, without a theology degree who enjoy and gain sustenance from reading Lewis's work.

cs lewis problem of pain: C.S. Lewis and the Problem of Pain Benjamin Johnson Wines, 2011

cs lewis problem of pain: C. S. Lewis's the Problem of Pain/a Grief Observed C. S. Lewis, Terry L. Miethe, 1999 A volume comparable in style to *Cliff's Notes*, here highlighting the key points from C. S. Lewis's *The Problem of Pain* and *A Grief Observed*.

cs lewis problem of pain: C.S. Lewis and the problem of pain Jackie Li, 1986

cs lewis problem of pain: C. S. Lewis's Case for Christ Art Lindsley, 2005-09-01 There can be many obstacles to faith, as C. S. Lewis discovered. But he overcame them to become one of Christianity's most ardent warriors of the faith. Art Lindsley provides a readable introduction to C. S. Lewis's reflections on objections to belief in Jesus Christ and the compelling reasons why Lewis came to affirm the truth of Christianity.

cs lewis problem of pain: Christian Counseling Ethics Randolph K. Sanders, 1997-06-09 A client raises spiritual questions. Can a Christian therapist working in a government agency talk with a client about faith? A young couple with two children asks a Christian counselor to help them negotiate an end to their marriage. What responsibility does the counselor have to try to repair the relationship? A youth group member confidentially reveals to the pastor that he is taking drugs. Should the pastor tell the boy's parents? A counselor who teaches a college course has a client show up for class. What should she do? These are just a few of the complex dilemmas that therapists, counselors and pastors face nearly every day. Handling these situations appropriately is critical for both the client's progress and the professional's personal credibility and protection from liability. State and federal codes, professional association statements and denominational guidelines have been drawn up to address ethical issues like competence, confidentiality, multiple relationships, public statements, third parties and documentation. In this book you'll find them all compiled and interpreted in light of Christian faith and practice. Written by qualified professional counselors and respected academic instructors, this book is an indispensable resource for understanding and applying ethics in Christian counseling today.

cs lewis problem of pain: The Christian Mind of C. S. Lewis Andrew J. Spencer, 2019-12-05 C. S. Lewis embodied the Christian mind because he saw the world as a coherent unity. His writing consistently pursued the good, the true, and the beautiful. He used nonfiction to point out the reasonableness of Christianity and used his fiction to create compelling illustrations that make faith in Christ an obvious and attractive conclusion. This book explores the Christian mind of C. S. Lewis across the spectrum of the genres he worked in. With contributors from diverse disciplines and interests, the volume illuminates the many facets of Lewis's work. The Christian Mind of C. S. Lewis assists readers to read Lewis better and also to read other works better. The overarching goal is, just as Lewis would have desired, to help people see Christ more clearly in the world and to be more like Christ.

cs lewis problem of pain: THE PROBLEM OF PAIN C. S. Lewis, 2016-05-02 This carefully crafted ebook: THE PROBLEM OF PAIN is formatted for your eReader with a functional and detailed table of contents. The Problem of Pain is a book concerned, to one degree or another, with refuting popular objections to Christianity, such as the question, How could a good God allow pain to exist in the world? The book addresses an important aspect of theodicy, an attempt by one Christian layman to reconcile orthodox Christian belief in a just, loving and omnipotent God with pain and suffering. Some have felt that it is useful to read it together with *A Grief Observed*, Lewis' reflections on his own experiences of grief and anguish upon the death of his wife. In addition to dealing with human pain, however, the book also contains a chapter entitled *Animal Pain*, demonstrating not only the fact that Lewis cast his net wider than human suffering, but also a reflection on a lifelong love of animals. Clive Staples Lewis (1898-1963) was a British novelist, poet, academic, medievalist, lay theologian and Christian apologist. He is best known for his fictional work, especially *The Screwtape Letters*, *The Chronicles of Narnia*, and *The Space Trilogy*, and for his non-fiction Christian apologetics, such as *Mere Christianity*, *Miracles*, and *The Problem of Pain*.

cs lewis problem of pain: S Lewis vs the New Atheists Peter S Williams, 2013-02-01 The book will counter the 'new atheist' movement using the arguments of C.S. Lewis, thereby appealing to readers interested in both loci and showing that there is nothing especially 'new' about the new atheism. How might C.S. Lewis, the greatest Christian apologist of the twentieth century, respond to the twenty-first century 'new atheism' of Richard Dawkins, Christopher Hitchens and company? Might Lewis' own journey from atheism to Christian belief illuminate and undercut the objections of

the new atheists? Christian philosopher Peter S. Williams takes us on an intellectual journey through Lewis' conversion in conversation with today's anti-theists. 'This book shows the breadth, depth, and durability of Lewis's Christian apologetics.' Michael Ward, chaplain at St Peter's College, Oxford

cs lewis problem of pain: The Problem of Pain C. Lewis, 2016-07-02 When Mr. Ashley Sampson suggested to me the writing of this book, I asked leave to be allowed to write it anonymously, since, if I were to say what I really thought about pain, I should be forced to make statements of such apparent fortitude that they would become ridiculous if anyone knew who made them. Anonymity was rejected as inconsistent with the series; but Mr. Sampson pointed out that I could write a preface explaining that I did not live up to my own principles! This exhilarating programme I am now carrying out. Let me confess at once, in the words of good Walter Hilton, that throughout this book I feel myself so far from true feeling of that I speak, that I can naught else but cry mercy and desire after it as I may. Yet for that very reason there is one criticism which cannot be brought against me. No one can say He jests at scars who never felt a wound, for I have never for one moment been in a state of mind to which even the imagination of serious pain was less than intolerable. If any man is safe from the danger of under-estimating this adversary, I am that man. I must add, too, that the only purpose of the book is to solve the intellectual problem raised by suffering; for the far higher task of teaching fortitude and patience I was never fool enough to suppose myself qualified, nor have I anything to offer my readers except my conviction that when pain is to be borne, a little courage helps more than much knowledge, a little human sympathy more than much courage, and the least tincture of the love of God more than all. If any real theologian reads these pages he will very easily see that they are the work of a layman and an amateur. Except in the last two chapters, parts of which are admittedly speculative, I have believed myself to be re-stating ancient and orthodox doctrines. If any parts of the book are original, in the sense of being novel or unorthodox, they are so against my will and as a result of my ignorance. I write, of course, as a layman of the Church of England: but I have tried to assume nothing that is not professed by all baptised and communicating Christians. As this is not a work of erudition I have taken little pains to trace ideas or quotations to their sources when they were not easily recoverable. Any theologian will see easily enough what, and how little, I have read. C. S. LEWIS. MAGDALEN COLLEGE, OXFORD. 1940.

cs lewis problem of pain: Renewal Apologetics Christopher J. Wilson, 2019-12-09 Why do you believe in God? Why do you believe in the Bible? Why do you believe in miracles? These are questions that Christians are often asked by sceptics. The field of apologetics attempts to provide rational answers to these and other questions. Unfortunately, apologetical answers to these questions are often abstract and philosophical. However, the Christian apologist/evangelist has a much more powerful argument in their arsenal: the argument from miracles. Miracles are the original Christian apologetic. It was through the witnessing of miracles that Christianity was originally spread. By applying modern tools of philosophical inquiry and scientific methodology, Wilson is able to establish a core set of miracles which defy naturalistic explanations and strongly point toward occurrences of Special Divine Action (SDA). However, once these occurrences are proven to be genuine miracles, several questions remain. Why does God sometimes perform miracles? Why does he often answer no? How do these random acts fit into his overall plans of redemption? By answering these and other questions, Wilson develops a comprehensive apologetic for both Christianity in general and the Renewal Movement in particular.

cs lewis problem of pain: The Devil's Redemption : 2 Volumes Michael J. McClymond, 2018-06-05 2018 Book Award Winner, The Gospel Coalition (Academic Theology) A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good, or does some evil remain stubbornly opposed to God and God's goodness? Will even the devil be redeemed? Addressing a theological issue of perennial interest, this comprehensive book (in two volumes) surveys the history of Christian universalism from the second to the twenty-first century and offers an interpretation of how and why universalist belief arose. The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical, philosophical, and theological

standpoint. He shows that the effort to extend grace to everyone undermines the principle of grace for anyone.

cs lewis problem of pain: God on Mute Pete Greig, 2020-09-22 An honest, soul-searching pursuit of biblical answers to one of Christianity's most challenging questions: What do you do when God meets your prayers with silence? Many of us have struggled with prayers that seem to go unanswered, and Pete Greig has been down that difficult road of doubt. This book is both intensely personal and deeply theological—a book born out of his wife Sammy's fight for her life after a horrifying diagnosis. The acclaimed author of *Red Moon Rising* wrestles with the hard side of prayer, how to respond when there seem to be no answers, and how to cope with those who seek to interpret our experience for us. For those struggling with prayer, *God on Mute* brings a message of hope and comfort, but also a better understanding of how we communicate with our Creator. Using the timeline of Holy Week (from Maundy Thursday through Easter Sunday) as a template, Greig explores four main questions about prayer from all angles: How am I going to get through this? Why aren't my prayers being answered? Where is God when he seems silent? When every prayer is answered...what does that mean? Silence in response to our most heart-felt prayers is the hardest thing for a person of faith to wrestle with. The world collapses. Then all goes quiet. Words can't explain what we're going through. People avoid you and don't know what to say. So you turn to Him and you pray. You need Him more than ever before. But somehow even God Himself seems on mute. And this sinks into us with a sense of futility... But even in this crushing silence, there is a way forward. Here is a story of faith, hope, and love beyond all understanding. Includes guide for group discussion.
