Brady's comfort level with the route concepts and system in general really pops on tape. How do the Patriots protect these option routes? They use a few unique concepts to take advantage of defenses read to squeeze them. Play Action is a big part of the Patriot's early down success over the years. This book shows you how they do this without a mobile QB to get out of the pocket on Keepers/Naked. Every coach and fan will enjoy this look into the greatest offensive system we have seen over the last decade.
