**foxy brown jay z interview:** The End of Love Sabrina Strings, 2024-01-30 From Playboy to Jay-Z, the racial origins of toxic masculinity and its impact on women, especially Black and "insufficiently white" women More men than ever are refusing loving partnerships and commitment, and instead seeking out "situationships." When these men deign to articulate what they are looking for in a steady partner, they'll often rely on superficial norms of attractiveness rooted in whiteness

and anti-Blackness. Connecting the past to the present, sociologist Sabrina Strings argues that following the Civil Rights movement and the integration of women during the Second Wave Feminist movement, men aimed to hold on to their power by withholding love and commitment, a basic tenet of white supremacy and male domination, that served to manipulate all women. From pornography to hip hop, women—especially Black and “insufficiently white” women—were presented as gold diggers, props for masturbation, and side-pieces. Using historical research, personal stories, and critical analysis, Strings argues that the result is fucchoism, the latest incarnation of toxic masculinity. This work shows that men are not innately “toxic.” Nor do they hate love, commitment, or sex. Instead, men across race have been working a new code to effectively deny loving partnerships to women who are not pliant, slim, and white as a new mode of male domination.

**foxy brown jay z interview:** *Write Lines: Adventures in Rap Journalism* Andrew Emery, 2024-03-08 Having failed at rapping, what’s next for an endlessly passionate rap nerd? In this sequel to the acclaimed memoir Wiggaz With Attitude, it turns out what’s next is a sometimes controversial career in rap journalism. *Write Lines: Adventures in Rap Journalism* tells the tale of hip-hop writing from the inside. From death threats to interviewing Lauryn Hill while she’s in the shower. From calling Jay-Z a c\*\*\* to his face, to letting a notorious rapper sleep in his bath, it’s a hilarious, anecdote-studded tale that takes in hip-hop’s first ever magazine and lifts the lid on rivalries, squabbles and how music journalism really works. Brutally honest and endlessly opinionated, *Write Lines* is also a love letter to hip-hop as it changed seismically through the decades. It charts those changes from the front line through encounters with many of the greats of rap: Chuck D, Missy Elliott, RZA, Eminem, Jazzy Jeff and Gang Starr. This is an unfiltered tale of hip-hop that is both heartfelt and scabrously funny.

**foxy brown jay z interview:** *In Search of the Black Fantastic* Richard Iton, 2010 Prior to the 1960s, when African Americans had little access to formal political power, black popular culture was commonly seen as a means of forging community and effecting political change. But as Richard Iton shows, despite the changes politics, black artists have continued to play a significant role in the making of critical social spaces.

**foxy brown jay z interview:** *Wake Up* Rev. Marlon F. Hall, Dr. Cheryl Kirk-Duggan,

2011-06-01 First an expression of black urban youth, Hip Hop music continues to expand as a cultural expression of youth and, now, young adults more generally. As a cultural phenomenon, it has even become integral to the worship experience of a growing number of churches who are reaching out to these groups. This includes not just African American churches but churches of all ethnic groups. Once seen as advocating violence, Hip Hop can be the Church's agent of salvation and praise to transform society and reach youth and young adults in greater numbers. After looking at Hip Hop's socio-historical context including its African roots, Wake Up shows how Hip Hop has come to embody the worldview of growing numbers of youth and young adults in today's church. The authors make the case that Hip Hop represents the angst and hope of many youth and young adults and that by examining the inherent religious themes embedded in the music, the church can help shape the culture of hip-hop by changing its own forms of preaching and worship so that it can more effectively offer a message of repentance and liberation.

**foxy brown jay z interview: Nobody Is Supposed to Know** C. Riley Snorton, 2014-03-01 Since the early 2000s, the phenomenon of the "down low"—black men who have sex with men as well as women and do not identify as gay, queer, or bisexual—has exploded in news media and popular culture, from the Oprah Winfrey Show to R & B singer R. Kelly's hip hopera *Trapped in the Closet*. Most down-low stories are morality tales in which black men are either predators who risk infecting their unsuspecting female partners with HIV or victims of a pathological black culture that repudiates openly gay identities. In both cases, down-low narratives depict black men as sexually dangerous, duplicitous, promiscuous, and contaminated. In *Nobody Is Supposed to Know*, C. Riley Snorton traces the emergence and circulation of the down low in contemporary media and popular culture to show how these portrayals reinforce troubling perceptions of black sexuality. Reworking Eve Sedgwick's notion of the "glass closet," Snorton advances a new theory of such representations in which black sexuality is marked by hypervisibility and confinement, spectacle and speculation. Through close readings of news, music, movies, television, and gossip blogs, *Nobody Is Supposed to Know* explores the contemporary genealogy, meaning, and functions of the down low. Snorton examines how the down low links blackness and queerness in the popular imagination and how the down low is just one example of how media and popular culture surveil and police black sexuality. Looking at figures such as Ma Rainey, Bishop Eddie L. Long, J. L. King, and Will Smith, he ultimately contends that down-low narratives reveal the limits of current understandings of black sexuality.

**foxy brown jay z interview: Fashion Killa** Sowmya Krishnamurthy, 2024-09-03 A cinematic narrative of glamour, grit, luxury, and luck, Fashion Killa draws on exclusive interviews with the leaders of the fashion world to tell the story of the hip-hop artists, designers, stylists, and unsung heroes who fought the power and reinvented style around the world over the last fifty years. Set in the sartorial scenes of New York, Paris, and Milan, journalist Sowmya Krishnamurthy's reporting on the intersecting histories of hip-hop and contemporary fashion focuses on the risk takers and rebels-the artists, designers, stylists, models, and tastemakers-who challenged a systemic power structure and historically reinvented the world of haute couture. Fashion Killa is a classic tale of a modern renaissance; of an exclusionary industry gate-crashed by innovators; of impresarios-Sean Diddy Combs, Dapper Dan, Virgil Abloh-hoisting hip-hop from the streets to the stratosphere; of supernovas-Lil' Kim, Cardi B, and Megan Thee Stallion-allying with kingmakers-Anna Wintour, Donatella Versace, and Ralph Lauren; of traditionalist fashion houses-Louis Vuitton, Fendi, and Saint Laurent-transformed into temples of rap gods like Kanye West, Nicki Minaj, and Travis Scott. Krishnamurthy explores the connections between the DIY hip-hop scene and the exclusive upper-echelons of high fashion. She tracks the influence of music and streetwear on the most exclusive (and exclusionary) luxury brands. At the intersection of cultural commentary and oral history, Fashion Killa commemorates the contributions of hip-hop to music, fashion, and our culture at large--

**foxy brown jay z interview: And It Don't Stop** Raquel Cepeda, 2004-09-29 In September 1979, there was a cosmic shift that went unnoticed by the majority of mainstream America. This shift was triggered by the release of the Sugarhill Gang's single, Rapper's Delight. Not only did it usher rap music into the mainstream's consciousness, it brought us the word hip-hop. And It Don't Stop, edited by the award winning journalist Raquel Cepeda, with a foreword from Nelson George is a collection of the best articles the hip-hop generation has produced. It captures the indelible moments in hip-hop's history since 1979 and will be the centerpiece of the twenty-fifth-anniversary celebration. This book epitomizes the media's response by taking the reader on an engaging and critical journey, including the very first pieces written about hip-hop for publications like The Village Voice--controversial articles that created rifts between church and state, the artist and journalist, and articles that recorded the rise and tragic fall of the art form's appointed heroes, such as Tupac Shakur, Eazy-E, and the Notorious B.I.G. The list of contributors includes Toure, Kevin Powell, dream hampton, Harry Allen, Cheo Hodari Coker, Greg Tate, Bill Adler, Hilton Als, Danyel Smith,

and Joan Morgan.

**foxy brown jay z interview:** Somebody Scream! Marcus Reeves, 2009-03-17 A strong and timely book for the new day in hip-hop. Don't miss it!—Cornel West For many African Americans of a certain demographic the sixties and seventies were the golden age of political movements. The Civil Rights movement segued into the Black Power movement which begat the Black Arts movement. Fast forward to 1979 and the release of Sugarhill Gang's *Rapper's Delight*. With the onset of the Reagan years, we begin to see the unraveling of many of the advances fought for in the previous decades. Much of this occurred in the absence of credible, long-term leadership in the black community. Young blacks disillusioned with politics and feeling society no longer cared or looked out for their concerns started rapping with each other about their plight, becoming their own leaders on the battlefield of culture and birthing Hip-Hop in the process. In *Somebody Scream*, Marcus Reeves explores hip-hop music and its politics. Looking at ten artists that have impacted rap—from Run-DMC (Black Pop in a B-Boy Stance) to Eminem (Vanilla Nice)—and puts their music and celebrity in a larger socio-political context. In doing so, he tells the story of hip hop's rise from New York-based musical form to commercial music revolution to unifying expression for a post-black power generation.
