frase by forbes answer: The Dialectics of Global Justice Bryant William Sculos, 2022-07-01 The Dialectics of Global Justice uses a novel application of negative dialectical interpretation to offer an immanent and ethical critique of prominent theories of global justice (i.e., cosmopolitanism), including how these theories manifest in political movements and policy agendas. Drawing on the work of Theodor Adorno and Erich Fromm especially, author Bryant William Sculos exposes the contradictory relationship between cosmopolitanism and core elements of capitalism, particularly the domineering capitalistic mentality (re)produced by and through capitalism, leading to the conclusion that cosmopolitanism, on its own terms, demands an alternative, postcapitalistic political basis in order to make robust progress toward global justice. While offering this critique, Sculos also implicitly challenges the increasingly common view that cosmopolitanism today is inherently imperialistic and out of touch with the global resurgence of nationalism and anti-cosmopolitan sentiment.

frase by forbes answer: *Inbound marketing. Fare strategia nell'era digitale* Jacopo Matteuzzi, 2022-07-26T00:00:00+02:00 Questo non è l'ennesimo libro sulla SEO, sui social media o sulla pubblicità online. Tempo fa inbound marketing era per molti solo un modo "cool" per rinfrescare una serie di attività già note: la SEO, il blogging, il social media marketing, la lead generation, l'email marketing... Ma il mondo digitale è cambiato. Gli strumenti nella cassetta degli attrezzi del digital marketer si sono moltiplicati spaventosamente, così come i tipi di contenuto che si possono usare per attirare, coinvolgere e deliziare il pubblico. Per questo, prima di creare contenuti, prima di attivare campagne, prima di ottimizzare, prima di buttarsi sull'ultimo social del momento, è più che mai necessaria una visione strategica. Qui dentro non troverai tecnicismi (per quelli ci sono già decine di libri) ma un metodo di lavoro olistico. Un approccio strategico che potrai applicare ai tuoi progetti. Lo stesso che uso per la mia azienda e per i miei clienti.
