**free movies in french language: French B Movies** David A. Pettersen, 2023-03-07 In the impoverished outskirts of French cities, known as the banlieues, minority communities are turning to American culture, history, and theory to make their own voices, cultures, and histories visible. Filmmakers have followed suit, turning to Hollywood genre conventions to challenge notions of identity, belonging, and marginalization in mainstream French film. French B Movies proposes that French banlieue films, far from being a fringe genre, offer a privileged site from which to understand the current state of the French film industry in an age of globalization. This gritty style appears in popular arthouse films such as Mathieu Kassovitz's *La Haine* and *Bande de filles* (Girlhood) along with the major Netflix hit series *Lupin*. David Pettersen traces how, in these works and others, directors fuse features of banlieue cinema with genre formulas associated with both

Hollywood and Black cultural models, as well as how transnational genre hybridizations, such as B movies, have become part of the ecosystem of the French film industry. By combining film analysis, cultural history, critical theory, and industry studies, *French B Movies* reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation.

**free movies in french language: The Free World** Louis Menand, 2021-04-20 An engrossing and impossibly wide-ranging project . . . In *The Free World*, every seat is a good one. —Carlos Lozada, *The Washington Post* *The Free World* sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high. —David Oshinsky, *The New York Times* Book Review | Editors' Choice One of *The New York Times's* 100 best books of 2021 | One of *The Washington Post's* 50 best nonfiction books of 2021 | A *Mother Jones* best book of 2021 In his follow-up to the Pulitzer Prize-winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of “freedom” applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his *New Yorker* essays, Menand takes us inside Hannah Arendt’s Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage’s residencies at North Carolina’s Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg’s friendship with Lionel Trilling, James Baldwin’s transformation into a Civil Right spokesman, Susan Sontag’s challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America’s once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.
