**i stand before you today speech: Marx and Engels on Bonapartism** Spencer A. Leonard, 2023-01-30 For a little over a decade after the ignominious collapse of the Revolution of 1848, Karl Marx and Friedrich Engels worked as professional journalists. Writing from London for newspapers in the United States and, eventually, on the Continent, Marx continued while living in exile the analysis of the crisis of revolution that he first began in direct engagement with revolutionary events, most notably in *The Class Struggles in France* (1850) and *The Eighteenth Brumaire of Louis Bonaparte* (1852). In what became a vast body of material, through this journalistic work Marx elaborated the critical concept of bonapartism first abumbrated in the latter book. Continuing his effort to learn the lesson of 1848, Marx concentrated on the crisis of modern society and the new mass democratic state that emerged, in the absence of the dictatorship of the proletariat, to meet that crisis. This volume is the first to compile the journalistic works of Karl Marx and Friedrich Engels dealing with what they termed Bonapartism. The topics examined include the emergence of a new unionist capitalist politics in Britain, post-1848 Chartism, the East India Company, European nationalisms, and the Taiping Rebellion in China.

**i stand before you today speech: *Surveys from Exile*** Karl Marx, 2010-08-31 Karl Marx was not only the great theorist of capitalism, he was also a superb journalist, politician and historian. In these brand-new editions of Marx's Political Writings we are able to see the depth and range of his mature work from 1848 through to the end of his life, from *The Communist Manifesto* to *The Class Struggles in France* and *The Critique of the Gotha Programme*. Each book has a new introduction from a major contemporary thinker, to shed new light on these vital texts. Volume 2: *Surveys from Exile*: In the 1850s and early 1860s Marx played an active part in politics, and his prolific journalism from London offered a constant commentary on all the main developments of the day. During this time Marx began to interpret the British political scene and express his considered views on Germany, Poland and Russia, the Crimean War and American Civil War, imperialism in India and China, and a host of other key issues. *The Class Struggles in France* develops the theories outlined in *The Communist Manifesto* into a rich and revealing analysis of contemporary events, while *The Eighteenth Brumaire of Louis Bonaparte* contains equally stimulating reflections on Napoleon III's coup d'etat of 1851.

**i stand before you today speech: *Rest in Power*** Sybrina Fulton, Tracy Martin, 2018-05-01 Trayvon Martin's parents take readers beyond the news cycle with an account only they could give: the intimate story of a tragically foreshortened life and the rise of a movement. "A reminder—not only of Trayvon's life and death but of the vulnerability of black lives in a country that still needs to

be reminded they matter.”—USA Today Now a docuseries on the Paramount Network produced by Shawn Carter Years after his tragic death, Trayvon Martin’s name is still evoked every day. He has become a symbol of social justice activism, as has his hauntingly familiar image: the photo of a child still in the process of becoming a young man, wearing a hoodie and gazing silently at the camera. But who was Trayvon Martin, before he became, in death, an icon? And how did one black child’s death on a dark, rainy street in a small Florida town become the match that lit a civil rights crusade? Rest in Power, told through the compelling alternating narratives of his parents, Sybrina Fulton and Tracy Martin, answers those questions from the most intimate of sources. The book takes us beyond the news cycle and familiar images to give the account that only his parents can offer: the story of the beautiful and complex child they lost, the cruel unresponsiveness of the police and the hostility of the legal system, and an inspiring journey from grief and pain to power, and from tragedy and senselessness to purpose.

**i stand before you today speech: "Right Makes Might"** Wolfgang Mieder, 2019-04-04 “A powerful and timely addition to the literature of rhetoric and folklore.” —Choice In 1860, Abraham Lincoln employed the proverb Right makes might—opposite of the more aggressive Might makes right—in his famed Cooper Union address. While Lincoln did not originate the proverb, his use of it in this critical speech indicates that the fourteenth century phrase had taken on new ethical and democratic connotations in the nineteenth century. In this collection, famed scholar of proverbs Wolfgang Mieder explores the multifaceted use and function of proverbs through the history of the United States, from their early beginnings up through their use by such modern-day politicians as Barack Obama, Hillary Rodham Clinton, and Bernie Sanders. Building on previous publications and unpublished research, Mieder explores sociopolitical aspects of the American worldview as expressed through the use of proverbs in politics, women’s rights, and the civil rights movement—and by looking at the use of proverbial phrases, Mieder demonstrates how one traditional phrase can take on numerous expressive roles over time, and how they continue to play a key role in our contemporary moment.

**i stand before you today speech: Legal Gladiator** Solomon Schmidt, 2024-08-20 The only biography of America's most controversial lawyer. *Legal Gladiator* is the story of perhaps the greatest lawyer in American history. It is the story of a poor, failing high schooler from Brooklyn who became the youngest professor in the history of Harvard Law School, where Ted Cruz, Natalie Portman, Mike Pompeo, Jamie Raskin, and others sat under his tutelage.
