## Understanding the i-Ready Grade 4 Reading Program

The i-Ready Grade 4 reading program is a personalized digital curriculum designed to improve reading proficiency among fourth-grade students. It combines diagnostic assessments with tailored lessons that address specific skill gaps. The program covers essential reading domains such as vocabulary development, comprehension strategies, fluency, and literary analysis.

By regularly assessing students' abilities, i-Ready provides data-driven insights that guide instructional decisions. The program adapts to each student's learning pace, ensuring that the content is neither too easy nor too challenging. This adaptive nature makes i-Ready particularly effective in diverse classroom settings.

## Components of the Reading Curriculum

The curriculum is divided into several key components that align with state and national standards for fourth-grade reading. These components include:

- **Phonics and Word Recognition:** Focuses on decoding multisyllabic words and understanding word meanings.

contextual clues and word relationships.

- **Fluency:** Encourages smooth, expressive reading to improve overall comprehension.

## Assessment and Progress Monitoring

The i-Ready diagnostic assessment measures students' proficiency across these domains at the beginning, middle, and end of the school year. Results from these assessments help teachers identify strengths and areas requiring support. The program's progress monitoring tools allow educators to track improvement over time and adjust instruction accordingly.
