mckinley birthplace home and research center: *The Ohio Presidents* Quentin R. Skrabec, Jr., 2018-08-30 Ohio sent eight presidents to the White House--one Whig and seven Republicans--from 1841 to 1923: William Harrison, U.S. Grant, Rutherford Hayes, James Garfield, Benjamin Harrison, William McKinley, William Taft and Warren Harding. Collectively their social policies and beliefs formed a unified philosophy and legacy. Ohio republicanism--an alliance of Christianity, populism, nationalism, industrialism and conservative economics--dominated politics across America from 1860 to 1930. Initially several factions in search of a party, it morphed from the anti-slavery Whig Party of Abraham Lincoln and swallowed up a group of single-issue parties, including the Abolition and Free Soil parties, under a national banner. The ghost of Ohio republicanism can still be seen today.

Shale, 2022-11-03 In 1919, the doors of Youngstown's Butler Institute of American Art were opened for the first time. Dubbed the lighthouse of culture, both the beautiful marble museum and the artwork inside were the gift of 19th-century industrialist Joseph G. Butler, Jr., in what was the crowning achievement of a long life. Butler earned his successes with hard work, a competitive spirit and business savvy. He earned a fortune in the iron and steel industry crowded by such figures as Andrew Carnegie, Henry Frick and Charles Schwab. Butler also took on politicians, promoted American interests, preserved American history and spearheaded projects to improve his community. To friends and admirers, he was affectionately referred to as Uncle Joe. This biography chronicles Butler's early life through his career in the iron and steel industry, detailing his contributions to the art world, his philanthropic endeavors and his accomplishments as an author and historian.
