meaning of tactics in hindi: **Politics and Resistance of Coal in Australia and India** Ruchira Talukdar, 2025-01-31 Since 2009, international climate activism has focused on stopping coalmining in solidarity with local and Indigenous struggles that are resisting coalmining. Based on ethnographic and historic research in Australia and India, this book compares the politics and resistance to coal in the two countries, particularly focusing on the time period between 2009 and 2018, and the case of the Carmichael coalmine in Queensland and the Mahan coalmine in central India. This book shows differences and similarities in the political economy of coal and creates understanding about the significantly different imperatives and narratives of anti-coal environmentalism, in Australia and India. Through the Stop Adani movement and its collaboration with the Wangan and Jagalingou Traditional Owners and farmers against coalmining in Queensland, and Greenpeace and forest-based communities resisting coalmining in Madhya Pradesh, Ruchira Talukdar not only explores anti-coal movement dynamics but also how these movements grapple

with the violation of Indigenous land rights through coal extraction, in both places. Drawing on differences and patterns in Australian and Indian anti-coal activisms, this book proposes a global outlook – an intersectional framework beyond the singularity of ‘stopping coal’ that can encapsulate visions for secure futures of communities on the frontlines of fossil fuel struggles – for climate activism. The conclusions help to decolonize climate activism as well as make it cognizant of global North-South contextual differences for effective solidarity. The author’s unique vantage point through experience in environmental activism over 20 years across Australia and India combined with research in both countries, makes this book a crucial resource for scholars and practitioners in just transition, climate politics and environmental activism across the global North and South.

meaning of tactics in hindi: The Alchemy of English Braj B. Kachru, 1986 What emerges from Kachru's fine work is the potential demarcation of an entire field, rather than merely the fruitful exploration of a topic. . . . [Kachru] is to be congratulated for having taken us as far as he already has and for doing so in so stimulating and so productive a fashion. -- World Englishes A potent addition to theoretical, sociolinguistic, attitudinal and methodological explorations vis-à-vis the spread and functions of, and innovations in, English from the viewpoint of a non-Western scholar. -- The Language Teacher Winner of the Joint First Prize, Duke of Edinburgh English Language Book Competition of the English-Speaking Union of the Commonwealth, 1987

meaning of tactics in hindi: *Breakout Strategies for Emerging Markets* Jagdish N. Sheth, Mona Sinha, Reshma Shah, 2016-06-27 Real strategies, tactics & solutions for succeeding in emerging markets now Attract non-consumers and upscale current customers Reflect local culture, tradition, and preferences across your business Make your products easier to find, buy, and use Strengthen your brand and deliver on your brand promises Engage and serve all your stakeholders Build a sustainable, profitable business How big is your emerging market opportunity? Potential annual consumption will hit \$30 trillion by 2025, with \$10 trillion in India and China alone. Emerging economies are transforming markets worldwide—attracting multinationals, strengthening domestic firms, and launching local brands onto the global stage. Best of all, there are now proven best practices for succeeding in these markets. They’ve been developed the hard way: through the experiences of pioneers who’ve learned from mistakes and listened to their customers. This book’s brand stories reflects these winning strategies. You’ll learn from high-profile leaders like Gillette, Levi’s, Starbucks, Alibaba, GlaxoSmith-Kline, and WeChat—and from great companies you’ll discover for the first time. Linking theory to practice, the authors offer expert guidance on attracting non-users, adapting products, aligning with local culture, optimizing channels, building brands, upscaling, strengthening relationships, and much more. You’ve never had an opportunity this enormous. Nobody has. Get it right—with the right advice, right from the trenches. Emerging markets offer the biggest growth opportunity in the history of capitalism. This practical guide offers a comprehensive, strategic marketing perspective tailored to these new markets. Leading experts demonstrate how companies can succeed both today and tomorrow, no matter what happens in the global economy. *Breakout Strategies for Emerging Markets* integrates insights drawn from the authors’ extensive primary research worldwide, their pioneering academic research and case development, practical consulting and management experience, and their conversations with industry leaders on several continents. You will learn about the experiences and actions of both local and global enterprises in industries ranging from consumer goods to entertainment, apparel to finance. The authors share new insights for attracting non-users by developing products, aligning with local traditions, upscaling, selecting channels, financing, brand messaging, using e-commerce, building relationships, and more. Discover how to... Convert non-users: Optimize acceptability, affordability, accessibility, and awareness Create “functional Fusion”: Adapt products to blend western and local elements Design “cultural fusion”: Embed local tradition, history, language, and taste Democratize the offer: Make products more affordable, financially and psychologically Upscale the offer: Upgrade choices and experiences across the income spectrum Manage reach: Get your channels and supply chains right Reinvent reach: Leverage revolutionary channels and payment methods Build brand identity: Align your brand essence with your customer’s experience Engage

meaning of tactics in hindi: Keywords for India Rukmini Bhaya Nair, Peter Ronald deSouza, 2020-02-20 What terms are currently up for debate in Indian society? How have their meanings changed over time? This book highlights key words for modern India in everyday usage as well as in scholarly contexts. Encompassing over 250 key words across a wide range of topics, including aesthetics and ceremony, gender, technology and economics, past memories and future imaginaries, these entries introduce some of the basic concepts that inform the 'cultural unconscious' of the Indian subcontinent in order to translate them into critical tools for literary, political, cultural and cognitive studies. Inspired by Raymond Williams' pioneering exploration of English culture and society through the study of keywords, *Keywords for India* brings together more than 200 leading sub-continental scholars to form a polyphonic collective. Their sustained engagement with an incredibly diverse set of words enables a fearless interrogation of the panoply, the multitude, the shape-shifter that is 'India'. Through its close investigation and unpacking of words, this book investigates the various intellectual possibilities on offer within the Indian subcontinent at the beginning of a fraught new millennium desperately in need of fresh vocabularies. In this sense, *Keywords for India* presents the world with many emancipatory memes from India.

meaning of tactics in hindi: Data Science and Big Data Analytics Durgesh Mishra, Xin-She Yang, Aynur Unal, Dharm Singh Jat, 2025-05-15 This book features high-quality research papers presented at the Fourth International Conference on Data Science and Big Data Analytics (IDBA 2024), organized by Symbiosis University of Applied Sciences, Indore, India, in association with ACM and IEEE Computer Society in hybrid mode during July 12-13, 2024. This book discusses the topics such as data science, artificial intelligence, machine learning, quantum computing, big data and cloud security, computation security, big data security, information security, forecasting, data analytics, mathematics for data science, graph theory and application in data science, data

visualization, computer vision, and analytics for social networks.

meaning of tactics in hindi: Terrorists Or Freedom Fighters? Steven Best, Anthony J. Nocella, 2004 The first anthology of writings on the history, ethics, politics and tactics of the Animal Liberation Front, *Terrorists or Freedom Fighters?* features both academic and activist perspectives and offers powerful insights into this international organization and its position within the animal rights movement. Calling on sources as venerable as Thomas Aquinas and as current as the Patriot Act - and, in some cases, personal experience - the contributors explore the history of civil disobedience and sabotage, and examine the philosophical and cultural meanings of words like terrorism, democracy and freedom, in a book that ultimately challenges the values and assumptions that pervade our culture. Contributors include Robin Webb, Rod Coronado, Ingrid Newkirk, Paul Watson, Karen Davis, Bruce Friedrich, Patricia Jones and others.

meaning of tactics in hindi: Resetting Your Mindset Dr. HermanS Jr., 2017-12-18 (Foreword by Dr. Ruben Lambert [PsyD]) Start using the same Holistic Vision in your life that continues to create business, personal, and social step-change for multi-million dollar companies, universities, doctors, police, engineers, holistic health practitioners, artists, and others across countries and industries. Holistic Vision is the core characteristic and cognitive foundation possessed by history's greatest thinkers that allowed them to solve complex issues and recover lost opportunities across seemingly unrelated landscapes. Holistic Vision is based on two concepts: the System of Interconnectivity and Psychological Strategy. Take advantage of this textbook that is used by the creator of Holistic Vision - the American Global Change Agent Dr. HermanS Jr. - as he consults/trains high-performing entities across the world. Master the System of Interconnectivity (of the greatest problem-solver—Nature) that reveals hidden universal principles, solutions for complex issues in business, personal, and social arenas. These universals span seemingly unrelated landscapes and surround and forever govern every one and thing. Just as gravity and air always affect everyone, whether one knows about them, can see them, can feel them, cares about them, or acknowledges them, or not, one cannot escape the power the universals within the System of Interconnectivity have over his/her life. This Is The Only Book That Will: -Immediately and properly start you on a life of practical mindset resetting -Bend, twist, shake, and break your thinking foundation -Show you things that were invisible to you -Force you to think in a way you could never thought of before -Force you to envision, create, and implement solutions that you previously could never imagine -Destroy your limited mindset via interdisciplinarity and psychological tactics Book Highlights: -Foreword by Dr. Ruben Lambert (Psy.D.) -Powerfully artistic book of only +150 pages provides to-the-point, mini-chapters of highly complex principles explained simply and practically so they can be used immediately -Challenging but not overwhelming chapter questions to help ensure an immediate start to proper mindset resetting -Endorsed by multiple doctors and other influencers across the world Table of Contents: -Dedication -Foreword -Preface -Disclaimer -Mindset Resetting to Maximize Performance -The Beneficial & Notorious Power of the Mindset -Examples of Successes by Seeing Things Differently -Interdisciplinarity Reveals Universal Connections -All Is Interconnected Systems -Foundations of Various Fields -Clichés -Emotions -Patterns -Intentionality -Chopper Rap Music -Frequency Redirection (Pain Management, Fighting & Parkour) -Resonance -Everyday Interactions -Metaphysics -Unity -Sapir-Whorf Hypothesis, Linguistic Relativity, Whorfianism -Applying One's Resetting to Real World Scenarios -Scenario 1: Chopper Rap Business -Scenario 2: Blocks, Impediments, Pacing & Speeding -Scenario 3: Cafes, Gyms & Libraries -Scenario 4: Business Logo -Applying It All to A Difficult Topic: First Language Acquisition -Continuing the Journey of Mindset Resetting -Acknowledgements -About the Author

meaning of tactics in hindi: *Swarajya* , 1957

meaning of tactics in hindi: The Oxford Dictionary of Phrase and Fable Elizabeth Knowles, 2006-10-12 This Dictionary is part of the Oxford Reference Collection: using sustainable print-on-demand technology to make the acclaimed backlist of the Oxford Reference programme perennially available in hardback format. What is a ham-and-egger? What are Anglo-Saxon attitudes? Who or what is liable to jump the shark? Who first tried to nail jelly to the wall? The answers to these and many more questions are in this fascinating book. Here in one volume you can track down the stories behind the names and sayings you meet, whether in classic literature or today's news. Drawing on Oxford's unrivalled bank of reference and language online resources, this dictionary covers classical and other mythologies, history, religion, folk customs, superstitions, science and technology, philosophy, and popular culture. Extensive cross referencing makes it easy to trace specific information, while every page points to further paths to explore. A fascinating slice of cultural history, and a browser's delight from start to finish. What is the fog of war? Who first wanted to spend more time with one's family? When was the Dreamtime? How long since the first cry of Women and children first? Where might you find dark matter? Would you want the Midas touch? Should you worry about grey goo?

meaning of tactics in hindi: Deceptive Ambiguity by Police and Prosecutors Roger W. Shuy, 2017-09-01 Ambiguity is commonly considered unintentional while deception is considered intentional. Here, Roger W. Shuy describes fifteen criminal cases in which police, prosecutors, and undercover agents used deceptive ambiguity with criminal suspects and defendants, many times giving evidence of being intentionally constructed through the manipulation of the speech events, schemas, agendas, speech acts, strategies, lexicon, and grammar. Although certain types of intentional deceptive ambiguity are central for successful undercover operations, the case examples in this book demonstrate how various types of deceptive ambiguity are common not only in undercover operations but also in police interviews and courtroom examinations conducted by prosecutors.

meaning of tactics in hindi: **Snow White Is A Gangster (Montello High: School of Gangsters 2)** SIELALSTREIM, 2023-09-14 After witnessing how Summer Leondale fought the Freniere clan for Van, Henrietta Arturia decides to avenge the forlorn fate of her love. Not only does she want vengeance, she also wants to save her flame Sebastian Freniere from misery after the tragedy. Sa mapanganib na misyong ito, Henrietta must forsake not only her allegiance to the Freniere Mafia as a reaper, but also stake her very life and the lives intertwined with her own. Her mission demands more than courage; it demands sacrifice. For vengeance and love, the ice princess is willing to risk it all, even her life as a Mafia reaper.
