**powerful biblical names for business: On the Word of a Jew** Nina Caputo, Mitchell B. Hart, 2019-01-14 Fourteen essays examining the dynamics of trust and mistrust in Jewish history from biblical times to today. What, if anything, does religion have to do with how reliable we perceive one another to be? When and how did religious difference matter in the past when it came to trusting the word of another? In today's world, we take for granted that being Jewish should not matter when it comes to acting or engaging in the public realm, but this was not always the case. The essays in this volume look at how and when Jews were recognized as reliable and trustworthy in the areas of jurisprudence, medicine, politics, academia, culture, business, and finance. As they explore issues of trust and mistrust, the authors reveal how caricatures of Jews move through religious, political, and legal systems. While the volume is framed as an exploration of Jewish and Christian relations, it grapples with perceptions of Jews and Jewishness from the biblical period to today, from the Middle East to North America, and in Ashkenazi and Sephardi traditions. Taken together these essays reflect on the mechanics of trust, and sometimes mistrust, in everyday interactions involving Jews. "Highly readable and compelling, this volume marks a broadly significant contribution to Jewish studies through the underexplored dynamic of trust." —Rebekah Klein-Pejšová, author of *Mapping Jewish Loyalties in Interwar Slovakia* "An exemplary compendium on how to engage with a major concept—trust—while providing load of gripping new information, new theorization of otherwise well-covered material, and meticulous attention to textual and sociological sources." —Gil Anidjar, author of *Blood: A Critique of Christianity*

**powerful biblical names for business: Playing for Time** Geraldine Cousin, 2013-03-31 Playing for time explores connections between theatre time, the historical moment and fictional time. Geraldine Cousin persuasively argues that a crucial characteristic of contemporary British theatre is its preoccupation with instability and danger, and traces images of catastrophe and loss in a wide range of recent plays and productions. The diversity of the texts that are examined is a major strength of the book. In addition to plays by contemporary dramatists, Cousin analyses staged adaptations of novels, and productions of plays by Euripides, Strindberg and Priestley. A key focus is Stephen Daldry's award-winning revival of Priestley's An Inspector Calls, which is discussed in relation both to other Priestley 'time' plays and to Caryl Churchill's apocalyptic Far Away. Lost children are a recurring motif: Bryony Lavery's Frozen, for example, is explored in the context of the Soham murders (which took place while the play was in production at the National Theatre), whilst three virtually simultaneous productions of Euripides' Hecuba are interpreted with regard to the Beslan massacre of schoolchildren.

**powerful biblical names for business: As Kingfishers Catch Fire** Eugene H. Peterson, 2019-05-14 Living Out the Word Made Flesh "Sixty years ago I found myself distracted," Eugene Peterson wrote. "A chasm had developed between the way I was preaching from the pulpit and my deepest convictions on what it meant to be a pastor." And so began Peterson's journey to live and teach a life of congruence—congruence between preaching and living, between what we do and the way we do it, between what is written in Scripture and how we live out that truth. Nothing captures the biblical foundation for this journey better than Peterson's teachings over his twenty-nine years as a pastor. As Kingfishers Catch Fire offers a collection of these teachings to anyone longing for a richer, truer spirituality. Peterson's strikingly beautiful prose and deeply grounded insights usher us into a new understanding of how to live out the good news of the Word made flesh. This is one man's compelling quest to discover not only how to be a pastor but how to be a human being.
