**taiwan news in chinese language:** Media and the Chinese Diaspora Wanning Sun, 2009-03-04 The importance of the Chinese diaspora is widely recognized. Wanning Sun examines the key role of the media in the Chinese diaspora. She focuses especially on the media's role in communication, in fostering a sense of community, in defining different kinds of 'transnational Chineseness' - overseas Chinese communities are often very different from one country to another - and in showing how media communication is linked to commerce, which is often a key activity of the overseas Chinese. Revealing a great deal about the vibrancy and dynamism of the Chinese-language media, the book considers the Chinese diaspora in Singapore, Indonesia, Thailand and Australia, showing how it plays a crucial role in the changing nature of the Chinese diaspora.

**taiwan news in chinese language:** *Taiwan Under Japanese Colonial Rule, 1895-1945* Binghui Liao, Dewei Wang, 2006 The first study of colonial Taiwan in English, this volume brings together seventeen essays by leading scholars to construct a comprehensive cultural history of Taiwan under Japanese rule. Contributors from the United States, Japan, and Taiwan explore a number of topics through a variety of theoretical, comparative, and postcolonial perspectives, painting a complex and nuanced portrait of a pivotal time in the formation of Taiwanese national identity. Essays are grouped into four categories: rethinking colonialism and modernity; colonial policy and cultural change; visual culture and literary expressions; and from colonial rule to postcolonial independence. Their unique analysis considers all elements of the Taiwanese colonial experience, concentrating on land surveys and the census; transcolonial coordination; the education and recruitment of the cultural elite; the evolution of print culture and national literature; the effects of subjugation, coercion, discrimination, and governmentality; and the root causes of the ethnic violence that dominated the postcolonial era. The contributors encourage readers to rethink issues concerning history and ethnicity, cultural hegemony and resistance, tradition and modernity, and the romancing of racial identity. Their examination not only provides a singular understanding of Taiwan's colonial past, but also offers insight into Taiwan's relationship with China, Japan, and the United States today. Focusing on a crucial period in which the culture and language of Taiwan, China, and Japan became inextricably linked, *Taiwan Under Japanese Colonial Rule* effectively broadens the critique of colonialism and modernity in East Asia.

**taiwan news in chinese language:** **Taiwan** Steven Crook, 2019-06-05 This new edition of Bradt's *Taiwan* continues to offer some of the most comprehensive coverage available and has been fully updated to reflect all the most recent developments on the ground. Author and long-term

resident of Taiwan Steven Crook has been to every corner of the main island and every one of the outlying archipelagos. He has written about Taiwan's cultural and scenic attractions for international newspapers and inflight magazines and he has a keen understanding of what international visitors are likely to enjoy and what they need help with to appreciate. This new edition includes an even greater emphasis on the Taiwanese favourite pastime of local food, as well as increased coverage of increasingly popular east Taiwan and expanded information about the National Palace Museum Southern Branch. Place names and other useful words and phrases (for ordering food and arranging transport) are presented in Chinese script for convenient communication. Detailed coverage of the capital city Taipei is complemented by a chapter-by-chapter breakdown of the rest of the country, from Hakka Country to Kaohsiung and Pingtung and the minor islands. More than 58% of Taiwan is covered by forest, making the country as interesting for its wildlife and outdoor activities as for its cities and towns. Taroko Gorge, Mount Jade, national parks, beaches and birdwatching, temples and monasteries, peaks and mountains are all covered, along with beguiling islands such as coral Little Liuqiu, saltwater hot springs, the East Rift Valley and popular Lukang. Taiwan is often described as 'more Chinese than China', but in reality it's a complex blend of 18th-century China, ancient Austronesia and 20th-century Japan, with dabs of post-war Americana and an abiding passion for anything that tastes good, wherever it comes from. Bradt's Taiwan is the perfect companion for discovering all of this, written by an expert who knows the country inside out and is well versed in delivering exactly what you need for a successful trip.

**taiwan news in chinese language:** 臺灣新聞No. 51 Yeh Shih-t'ao, 2023-08-01 Yeh Shih-t'ao (1925-2008) was an outstanding Taiwanese novelist, literary critic and historian of Taiwan literature. In the history of the development of contemporary Taiwan literature he occupies an incomparably important position. As a literary historian, Yeh's magnum opus is An Outline History of Taiwan Literature (hereafter Outline). It is a comprehensive account that treats the subject of Taiwan literature from the perspective of Taiwan. Although it is only an outline, the book has very special significance in the history of Taiwan literature. 1925-2008

**taiwan news in chinese language:** *Taiwan Literature: English Translation Series, No. 47* , 2021-05-01 Apart from “new poetry” composed in the vernacular language, the tradition of classical poetry originating in China has also been maintained in Taiwan. We cannot ignore the fact that those poets who continued to compose classical verse, as well as the activities of their poetry societies, are yet another aspect of the diversity of Chinese-language poetic development in Taiwan which at the same time has unique local characteristics. Professor Huang's organization of the issue includes an introductory essay, entitled “Poems that Speak of Taiwan—Speaking of Taiwan Poetry” in which she gives a brief summary of the historical background and special character of the development of classical poetry in Taiwan. According to her careful plan, Professor Huang divided the poems translated for this special edition into six thematic sections: 1) Taiwan and Taiwanese in the Interstices of History (6 poems) 2) Crossing the Ocean to Taiwan, Putting Down Roots that Grow Along with Chinese Culture (5 poems) 3) Poems on the Aesthetics of Natural Landscape Scenery (6 poems) 4) Climate, Natural Resources, and Food (6 poems) 5) Folk Customs, Festivals, and Sacrificial Ceremony (4 poems) 6) Poems Expressing Emotions, Sentiments and Criticisms (7 poems) In the poetry selected for this issue we see the rich, expansive content of classical Chinese verse from Taiwan. That verse manifests the responses of Taiwanese poets to their times, to nature, to places and to people. It also reflects the many faces of Taiwan's specific temporal and geographical background through depictions of local experiences and the local spirit.

**taiwan news in chinese language: Taiwan** Chris Shei, 2021-03-01 Taiwan: Manipulation of

Ideology and Struggle for Identity chronicles the turbulent relationship between Taiwan and China. This collection of essays aims to provide a critical analysis of the discourses surrounding the identity of Taiwan, its relationship with China, and global debates about Taiwan's situation. Each chapter explores a unique aspect of Taiwan's situation, fundamentally exploring how identity is framed in not only Taiwanese ideology, but in relation to the rest of the world. Focusing on how language is a means to maintaining a discourse of control, *Taiwan: Manipulation of Ideology and Struggle for Identity* delves into how Taiwan is determining its own sense of identity and language in the 21st century. This book targets researchers and students in discourse analysis, Taiwan studies, Chinese studies, and other subjects in social sciences and political science, as well as intellectuals in the public sphere all over the globe who are interested in the Taiwan issue.

**taiwan news in chinese language: Media and Communication in the Chinese Diaspora**

Wanning Sun, John Sinclair, 2015-09-16 The rise of China has brought about a dramatic increase in the rate of migration from mainland China. At the same time, the Chinese government has embarked on a full-scale push for the internationalisation of Chinese media and culture. Media and communication have therefore become crucial factors in shaping the increasingly fraught politics of transnational Chinese communities. This book explores the changing nature of these communities, and reveals their dynamic and complex relationship to the media in a range of countries worldwide. Overall, the book highlights a number of ways in which China's going global policy interacts with other factors in significantly reshaping the content and contours of the diasporic Chinese media landscape. In doing so, this book constitutes a major rethinking of Chinese transnationalism in the twenty-first century.

**taiwan news in chinese language: Whither Taiwan and Mainland China** Zhidong Hao,

2010-01-01 Hao Zhidong has provided essential background on the types of thinking that could create a unified island-mainland polity. Do the politicians in Beijing and Taipei want one enough to make the symbolic sacrifices that would be needed to bring their citizens peace with prosperity? The thinkers whom Hao analyzes in this book can show them ways to do this---Lynn White, Princeton University A tour de force survey of the dilemmas and possibilities facing intellectuals and policy makers in the Chinese-speaking world when dealing with Taiwan as a problem of Chinese nationalism.---Christopher R. Hughes, London School of Economics and Political Science A sane, thoughtful and thoroughly grounded study of what intellectuals are doing---and could do---to mediate the contentious patriotism in both Mainland China and Taiwan. Hao brings the sensibilities of a native to a rigorous comparative sociological analysis of the states and the intellectuals involved and what it would take to resolve this key relationship.---Timothy Check, University of British Columbia This volume makes a significant contribution to understanding the complexities of the development of nationalisms and divided nations, identity politics, and the roles of the state and intellectuals, not only across the Taiwan Strait, but also around the world. Professor Hao Zhidong's proposed solution to a unified cross-Strait polity is extremely thoughtful and stimulating and deserves serious attention from all parties concerned.---Timothy Ka Ying Wong, The Chinese University of Hong Kong This is one of the few books that argues for a feasible compromise solution to the political conflict across the Taiwan Strait that still troubles greater China. The author elaborates on the factors both enabling and constraining the formation of a hybrid of federation and confederation. In a unique way he deals with the role of the state and intellectuals (organic, professional, and critical) as well as their interaction in shaping national identities. The important questions raised are: Can China become a true world leader? Will Taiwan be a key player in China's transformation? The book should be of interest to students in political science, sociology, and history, as well as policy-makers and businesspeople who are concerned about the development of cross-Strait relations.

**taiwan news in chinese language: The Field of Chinese Language Education in the U.S.**

Vivian Ling, 2018-02-13 This book will be the first account of the development of Chinese as a foreign language in the U.S., as it interacts with the relevant entities in China and beyond. There are virtually no systematic retrospective reflections on the field outside of the greater China region; and

yet over the past decades the field has grown by leaps and bounds, and it is critical now that we pause to reflect on what has happened and what we can learn from the past. The contributors are among some of the most influential pioneers in the field whose entire academic lives have been dedicated to its development. *The Field of Chinese Language Education in the U.S.: A Retrospective of the 20th Century* is aimed at those who are currently engaged in Chinese language education, as teachers or as students.

**taiwan news in chinese language:** *Globalizing Intercultural Communication* Kathryn Sorrells, Sachi Sekimoto, 2015-01-02 Translating Theory into Practice *Globalizing Intercultural Communication: A Reader* introduces students to intercultural communication within the global context, and equips them with the knowledge and understanding to grapple with the dynamic, interconnected and complex nature of intercultural relations in the world today. This reader is organized around foundational and contemporary themes of intercultural communication. Each of the 14 chapters pairs an original research article explicating key topics, theories, or concepts with a first-person narrative that brings the chapter content alive and invites students to develop and apply their knowledge of intercultural communication. Each chapter's pair of readings is framed by an introduction highlighting important issues presented in the readings that are relevant to the study and practice of intercultural communication and end-of-chapter pedagogical features including key terms and discussion questions. In addition to illuminating concepts, theories, and issues, authors/editors Kathryn Sorrells and Sachi Sekimoto focus particular attention on grounding theory in everyday experience and translating theory into practice and actions that can be taken to promote social responsibility and social justice.

**taiwan news in chinese language: Critical Intercultural and English Language Issues in the Internationalisation of Higher Education** Pattamawan Jimarkon, Kenan Dikilitaş, 2025-04-14 Internationalisation is key to a modern and diverse higher education. Closely related to this is the successful integration of different cultures and languages. This book explores the dynamic relationships between English as a Lingua Franca (ELF), intercultural communication competence (ICC), internationalisation, and the use of the English language in international higher education. Featuring contributions from authors from Türkiye, Slovenia, Thailand, Taiwan and Norway, the chapters discuss topics such as translanguaging, language-related policies in internationalisation, issues of language and interculturality from a contextual point of view of pedagogy, and provide critical reflections on perceptions and orientations in support of higher education internationalisation. Ultimately, the book provides a comprehensive understanding of how the English language functions as a tool for intercultural engagement in academic settings, and the ways in which it is encountered and perceived by researchers, leaders, and practitioners. This book will be valuable reading for applied linguists, teacher educators and researchers, and graduate students in higher education involved in internationalised higher education through teaching, projects and activities.

**taiwan news in chinese language:** East Turkistan Was Never A Part of China: And Restoring Its Independence Is the Only Way Forward , 2024-11-12 *East Turkistan Was Never a Part of China: Restoring Its Independence is the Only Way Forward* By the East Turkistan Government in Exile The Truth Beijing Doesn't Want the World to Know. In an age of global power shifts, East Turkistan stands at the heart of a critical geopolitical and moral battle. This definitive work, authored by the East Turkistan Government in Exile, in collaboration with the East Turkistan Policy Institute, unravels the meticulously suppressed history of a sovereign nation now facing physical and cultural genocide under Chinese occupation. For foreign policy professionals, human rights advocates, and national security experts, this is a call to action—and a roadmap to justice. Why should diplomats, policymakers, and scholars care? East Turkistan, often mislabeled as Xinjiang, is not just a battleground for human rights; it is the linchpin of China's Belt and Road Initiative and an occupied country brimming with geopolitical significance. The stakes transcend borders—this is about the future of international law, the global fight against authoritarianism, and the principles that define humanity. What you'll learn: The Untold History: Explore East Turkistan's sovereign past and over

6,000 years of history that underscore its independence. The Geopolitical High Ground: Understand why East Turkistan's vast natural resources and location at the crossroads of Asia make it indispensable in global strategy. Genocide in Real Time: A harrowing account of forced internment, sterilization, physical and cultural annihilation, mass enslavement, and Beijing's attempts to erase an entire people. The Path Forward: A compelling argument for why restoring East Turkistan's independence is the only sustainable solution—and how the international community can act now. Why this book matters: For Politicians and Diplomats: This is the definitive dossier for understanding China's imperial ambitions and their impact on global security. For Foreign Policy Professionals: Gain insights into how the East Turkistan crisis intersects with key issues like human rights, international law, and global and regional stability. For Human Rights Advocates: Equip yourself with the evidence to hold Beijing accountable for ongoing atrocities. A White Paper with Global Implications This publication combines rigorous research, testimonies, and historical documents to debunk decades of Chinese propaganda and present an unassailable case for East Turkistan's independence. The book is more than a revelation—it's a rallying cry for leaders, academics, and citizens to champion justice and halt one of the most egregious geopolitical and humanitarian crises of our time. East Turkistan's survival is a test of our shared humanity. Will you stand for freedom, truth, and justice?

**taiwan news in chinese language:** *Marketing Dictatorship* Anne-Marie Brady, 2008 Click here to hear Anne-Marie Brady's BBC World Service radio documentary titled *The Message from China* China's government is no longer a Stalinist-Maoist dictatorship, yet it does not seem to be moving significantly closer to democracy as it is understood in Western terms. After a period of self-imposed exclusion, Chinese society is in the process of a massive transformation in the name of economic progress and integration into the world economy. The Chinese Communist Party (CCP) is seeking to maintain its rule over China indefinitely, creating yet another new China. Propaganda and thought work play a key role in this strategy. In this important book, noted China scholar Anne-Marie Brady answers some intriguing questions about China's contemporary propaganda system. Why have propaganda and thought work strengthened their hold in China in recent years? How has the CCP government strengthened its power since 1989 when so many analysts predicted otherwise? How does the CCP maintain its monopoly on political power while dismantling the socialist system? How can the government maintain popular support in China when the uniting force of Marxist-Leninist-Maoist ideology is spent and discredited? What has taken the place of communist ideology? Examining propaganda and thought work in the current period offers readers a unique understanding of how the CCP will address real and perceived threats to stability and its continued hold on power. This innovative book is a must-read for everyone interested in China's growing role in the world community.
