Make the most of your time on Earth™ with The Rough Guide to South Africa.

## **tashas guide to everything: Coconut Kelz's Guide to Surviving This Shithole**

Lesego Tlhabi, 2019-09-04 When she was last spotted on the crossroads of Swart and Gevaar Roads, Coconut Kelz was drinking Woolies water and spreading her 'truth bombs' about the state of the nation, why corruption is okay when white people do it and why black people don't win in life . . . Coconut Kelz ('Kelello, but call me Kelz!') is a young Caucasian woman trapped in a black woman's body. Kelz lives in - and tries never to leave - Sandton and is a staunch member of the DA. She often takes issue with her reverse racist dad, while her mother has to remind her that Braai Day is actually called Heritage Day. With handy tips on how to achieve the white right standard of beauty, how to catch yourself a white guy ('elongate your vowels, get yourself into white spaces'), the best suburbs to live in and how to host the perfect Caucasian shindig, Kelz offers a complete guide for a full Caucasian conversion. She also shares her thoughts on the differences between race groups, the top three political parties, public transport, how to avoid contact with sgebengas and why one should never stray beyond the Line of Caucus. Coconut Kelz's adoration of all things white has riled up many unsuspecting viewers. Of course the real butt of the joke is the white South Africans whose prejudice and dishonesties are laid bare by this character.

## **tashas guide to everything: Theology, Religion, and Dungeons & Dragons**

Scott Donahue-Martens, Brandon Simonson, 2024-12-15 On its 50th anniversary, the tabletop role-playing game Dungeons & Dragons (D&D) has found renewed popularity and a generally positive representation in popular culture. Reflecting on these fifty years of development and history, and looking forward to D&D's bright future, Theology, Religion, and Dungeons & Dragons: Explorations of the Sacred through Fantasy Worlds explores the intersection of D&D with the academic disciplines of Theology and Religious Studies. From Tolkien's notion of sub-creation to pedagogical ponderings on hell, readers will uncover deeply theological and religious aspects of Dungeons & Dragons in this volume. Unlike some during the so-called Satanic Panic, the authors of this volume embrace D&D as spiritually and theologically formative. Discussions on alignment and campaign settings like Dark Sun and Ravenloft foreground notions of interrelating and wellbeing, and reflections on communal conceptions of canon and spiritual formation chart paths forward by understanding historical realities. This volume responds to growing interest in the academic study of tabletop role-playing games in general and D&D in specific, and it addresses pressing issues in the

**tashas guide to everything: DK Eyewitness Travel Guide South Africa** DK Travel, 2017-11-21
