Rather than aiming at writing this book, the activities shaped themselves one day into the form of this book after completing my doctoral studies in Emotional Intelligence and Mindfulness at the University of Málaga. Emotions live within us all and can emerge in classrooms of any kind, filled with pupils of a wide age range. These activities are therefore not aimed at a specific type or level group of students, but served as an array of possibilities from where my fellow teachers can pick & take into their classrooms to complement their lessons. The intention behind emotional intelligence practices is to generate a positive, non-punitive climate in the English classroom which boosts the students' self-confidence. An emotionally intelligent classroom where game-based learning activities and challenges can well coexist with Mindfulness interventions, which may raise self awareness of the students' learning processes, and where they can actually feel that mistakes are good opportunities to learn. Far from being too embarrassed to speak English students in emotionally intelligent classrooms will become more participative and willing to interact with their classmates, not only in class but also during out-of-class extracurricular activities. May the reader indulge in the illustrations from Pixabay, which have been selected for each activity as intentional prompts for conversation. Murphy, 2014-02-25 This book analyzes important criticisms of the current research on Emotional Intelligence (EI), a topic of growing interest in the behavioral and social sciences. It looks at emotional intelligence research and EI interventions from a scientific and measurement perspective and identifies ways of improving the often shaky foundations of our current conceptions of emotional intelligence. With a balanced viewpoint, *A Critique of Emotional Intelligence* includes contributions from leading critics of EI research and practice (e.g., Frank Landy, Mark Schmit, Chockalingam Viswesvaran), proponents of EI (e.g., Neal Ashkanasy, Catherine Daus), as well as a broad range of well-informed authors. Proponents claim that EI is more important in life than academic intelligence, while opponents claim that there is no such thing as emotional intelligence. Three key criticisms that have been leveled at emotional intelligence include: (1) EI is poorly defined and poorly measured; (2) EI is a new name for familiar constructs that have been studied for decades; and (3) claims about EI are overblown. While the book presents these criticisms, the final section proposes ways of improving EI research and practice with EI theories, tests, and applications.

**taylor swift emotional intelligence: The iPINIONS Journal** Anthony Livingston Hall, 2020-02-13 ANTHONY L. HALL takes aim at the global events of 2019 with a unique and refreshing perspective. Some of the topics in this volume include: Republicans and Democrats aping Sunnis and Shias "Even if Democrats impeach Trump in Congress or defeat him at the polls, his presidency has already sown seeds of division and dysfunction that could harvest political thorns for a thousand years." Social networks abolishing 'Likes' "They can't quit likes. Because networks are as hooked on the money likes generate as users are on the high they stimulate." Colin Kaepernick moving NFL tryout and making new demands "Kaepernick must think he's Trump and the NFL the Republican Party. Because only delusions of grandeur on that scale explains him thinking he can play the NFL like this." White evangelical Christians supporting Trump "The hypocrisy inherent in them showing abject loyalty to this two-legged golden calf is almost too contemptible for words. Suffice it to know that a skunk has more regard for a garden party than Trump has for a house of worship." Hong Kongers protesting Chinese rule "These protests amount to nothing more than a self-hating,

Stockholm Syndrome-like preference for the British over the Chinese. Hong Kongers don't want democracy so much as a return to British colonial rule." MTV trying to whitewash Michael Jackson's name from VMAs "Frankly, his pedophile exploits were such that MTV paying any homage to him is tantamount to Jello paying homage to Bill Cosby." Rich parents offering bribes to get their kids into elite colleges "The real indictment is that, despite all the resources at their disposal, these parents raised such dumb, lazy, and untalented kids." Failure of latest US-North Korea nuclear summit "While Trump flew off to take a cold shower back in America, Kim was smoking a cigarette and planning sightseeing tours around Vietnam. So who do you think is zooming who in their "brokeback" bromance...?"
